CHURCH HEAD CONGRATULATED — Methodist Bishop William C. Martin (right) of Dallas, Tex., receives congratulations from Chaplain (Maj. Gen.) Charles I. Carpenter following his election as president of the National Council of the Churches of Christ in the U.S.A. at closing sessions of the General Assembly in Denver Friday. Carpenter is head of the chaplain service in the U.S. Air Force. (AP Wirephoto Friday Night.)

### Methodists' Bishop Martin To Head National Council

DENVER—A one-time Texas country preacher Friday was elected president of the nation's largest religious organization. Methodist Bishop William C. Martin, 59, of Dallas, Tex., was named unanimously by the National Council of Churches of Christ in the U.S.A., succeeding Episcopal Bishop Henry Knox Sherill of Greenwich, Conn.

Bishop Martin was resident Bishop of the Kansas-Nebraska area from 1939 to 1948 before being assigned to Dallas.

Six church leaders were elected vice presidents at large.

They are the Rev. Hermann N. Morse of New York of the Presbyterian Church of the U.S.A.; Mrs. Norman Vincent Peale, New York, of the United Methodist Church; the Rev. Robert B. Daniels, Petersburg, Va., of the National Baptist Convention; the Rt. Rev. Karl Block of San Francisco, Protestant Episcopal; Mrs. Olive Ann Beach, Wichita, Kan., Methodist; and Mrs. Jasper Crane, Wilmington, Del., Presbyterian Church of the U.S.A.

**New Members**  
The new president said he hoped to bring new members into the cooperative movement. He predicted that the Southern Baptists and the Lutheran Church, Missouri Synod, will develop closer ties with the Council.

He told a news conference that interdenominational bonds "mean a great deal" to American Christianity and "is meaning more each year."

"There is a growing consciousness in America," he said, "that without the council of churches there are many things that need to be done that could not be done."

**Closer Links**  
Later, in an acceptance address, he told the assembly that he hoped to establish closer links between the National Council and local community church councils.

Bishop Martin's election came as representatives of the council's 30 denominations studied a proposed message to the American people attempting to evolve a Christian approach to national and international problems.

It is the most comprehensive declaration on contemporary issues ever undertaken by such a representative church body. The council's affiliated denominations include 34 million Protestant and Eastern Orthodox church members—more than two-thirds of the country's Protestant population.

**Parallels Letter**  
The message parallels in some ways the annual letter from the Roman Catholic Council of Bishops of the United States.

However, its conclusions particularly as regards public aid to parochial schools, vary sharply. The council message, drafted by a committee headed by Dr. John A. MacKay of the Princeton Theological Seminary, Princeton, N.J., urges the United States to persevere in "honest negotiation" to solve world tension "in the face of the most aggravating opposition."

### The Weather

NEBRASKA: Generally fair Saturday except considerable cloudiness and intermittent snow in extreme west; Sunday partly cloudy; not much temperature change; high Saturday in 30s.

### Tito Sees Menace Growing In Balkans

Makes Views Known Following Telegram Requesting Answers To Three Questions

By KINGSBURY SMITH

PARIS (INS)—Premier Marshal Tito charged Friday that Yugoslavia's Soviet satellite neighbors are "everlastingly" building offensive military machines and warned that aggression against Yugoslavia would touch off World War III.

Tito also denied vehemently Soviet allegations that his government is preparing to attack Balkan countries under the Kremlin's domination.

The premier made his statements in a telegram Friday to International News Service in Paris. Tito replied briefly to three questions wired to him on Dec. 9 by this correspondent.

The Moscow newspaper Pravda recently accused the Belgrade government of planning an assault on one or more of Yugoslavia's Soviet satellite neighbors.

Tito angrily turned the charge around, asserting that Russia's Balkan allies are constructing "military works" and "strategic roads" directed at Yugoslavia's borders.

asserting that Russia's Balkan allies are constructing "military works" and "strategic roads" directed at Yugoslavia's borders.

If her neighbors attack Yugoslavia, Tito declared, the act of aggression would lead inevitably to a third world war.

**Text Of Exchange**  
The text of this correspondent's questions and Tito's replies follow:

1. Q. "Do you attach any special significance to Pravda's allegation at this time that Yugoslavia is planning a military attack on her neighboring countries?"

A. "The allegations by Pravda that Yugoslavia is preparing for a war of aggression against her neighboring (Soviet) satellite countries is the result of unhealthy imagination and mischievous calumnies."

2. Q. "Do you believe that a military attack against Yugoslavia by the Soviet satellite states would lead quickly to world war?"

A. "Aggression against Yugoslavia would lead unavoidably to World War Three."

3. Q. "Have you received any indications of a military buildup by any neighboring satellite states which gives you cause for concern?"

A. "In neighboring satellite countries military works and strategic roads toward Yugoslavia are being feverishly built. These are not only indications but a reality."

The telegram from Belgrade was signed, "Josip Broz Tito."

### Lincoln Firm Gets Air Rec Contract

A \$113,726 contract has been awarded to the Olson Construction Company of Lincoln for the construction of an airman's club at the Lincoln Air Force Base by the Omaha District office of the Corps of Army Engineers.

Work on the one-story frame recreation building is to begin within two weeks.

The Omaha levee system will get a crushed rock surface under the civil works job awarded to Bill Curphy Company of Des Moines, Ia., for \$58,195.

The job covers the entire project works from the Minne Lusa sewer to below the South Omaha bridge.

### Dr. Googe Says He'll Try For Good Public Health Program

Dr. James T. Googe, Chattanooga, Tenn., applicant for city-county health department director, said Friday night if accepted he will try to set up a good public health program that will stand out in the Northern Plains.

Googe, a former Lincolnite, added that "this is sort of home to me."

He will be interviewed Saturday morning by the city-county health board.

He was offered the post of superintendent of the Lincoln health department in 1933 but refused the job.

In 1936 he was made assistant director of health for the state of Nebraska, organizing county health departments out in the state.

At that time, Dr. Googe stated, there was no county health organization other than Lincoln and Omaha in the state. He resided at Scottsbluff, North Platte, Falls City in efforts to set up such departments.

Dr. Googe joined the Farm Security Administration while in Lincoln staying here two years before moving to Denver to work as a advisor to state F. S. A. directors in setting up "pre-payment medical plans for farmers."

After five years with the F.S.A. he was sent to China in 1945 to rehabilitate the medical service as medical director for the United Nations Relief and Rehabilitation Administration.

He pointed out that 80 per cent of the hospitals were operated by missions.

MR. HULTBERG

### L. Hultberg Dies; County Aid Head

Leroy Hultberg, director of the Lancaster County department of public welfare for the past 13 years, died Friday at his home, 5451 Huntington.

Mr. Hultberg, 52, had been in welfare work for the past 18 years. He was former president of the State Association of Welfare Directors, a member of the executive board of the National Organization of Welfare Administrators and a board member of the National Public Welfare Association.

He was also former president of the Wilhelmy Community Emergency shop and former president of the Knife and Fork Club.

A Lincoln resident for 13 years, Mr. Hultberg was born in Lyons, Neb. He was a member of the First Methodist Church in Lincoln.

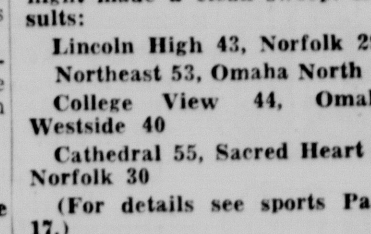

Surviving are his wife, Helen; two sons, Hoyt, in the Army in Germany and Paul, at home; a sister, Mrs. Ruth Russell of Plainview; a brother, Clifford of Blair and his mother, Mrs. Minnie Hultberg of Lyons.

### 4 Lincoln Teams Gain Court Wins

Four Lincoln high school basketball teams in action Friday night made a clean sweep. Results:

Lincoln High 43, Norfolk 29  
Northeast 53, Omaha North 50  
College View 44, Omaha Westside 40

Cathedral 55, Sacred Heart of Norfolk 30  
(For details see sports Page 17.)

DR. GOOGE ... "Lincoln is home to me." (Star Staff Photo.)

Again he pushed outside the boundaries of the 48 states to become medical director of the Alaskan Native Service at Juneau, Alaska. While there he serviced seven Indian hospitals.

When his wife became ill and died last October he returned to the U. S. to serve as regional medical health officer for the Tennessee Valley Authority in the Chattanooga area, where he is presently employed.

### Aid Workers Cut Sharply, Savings Made

The state assistance department's office personnel have been cut sharply, with a resultant saving in expense, as a result of the re-organization program, Mrs. Harold Prince, Board of Control chairman, declared Friday.

She said the number of assistance department employees at the state level had been cut from 142 to 98 in two years.

The saving has been \$37,882 in wages and salaries, or 9.2 per cent, she reported. The saving in travel costs has been \$8,463, or 18 per cent; and in office rentals, \$2,011.

Telephone and telegraph expense have been reduced 10 per cent, Mrs. Prince said.

The total saving is nearly \$13,000 more than the \$25,000 which the board had hoped might be saved.

The saving in the assistance program itself amounts to about \$3,000,000 for the biennium, she asserted.

The department's budget request for the next biennium is for about \$17 million in state funds.

"If the three million dollars is re-appropriated, between 14 million and 15 million of new money will be required," Mrs. Prince continued.

Case loads have been reduced. During the last fiscal year 1,405 more old age cases were closed than opened.

"This was due to rejections and closings on the basis of a closer adherence to the law," she commented.

Federal Social Security has taken up more of the load, and stricter application of the law on relatives' responsibility has helped, she continued.

The "stepfather law" has lightened the aid-to-dependent-children load.

### Vocation Education Group Cuts Budget Request \$2 Million

The Department of Vocational Education budget request for the next biennium as presented to Tax Commissioner Philip Johnson Friday was more than \$2,000,000 under the budget of this biennium.

Request is \$3,297,201 as compared with the present \$5,367,965.

Principal reduction is in federal funds for agricultural training of veterans which is being reduced from \$3,443,914 to \$1,042,464.

The vocational training school at Milford is also estimating lower costs asking only \$225,000 as compared with \$229,246. They estimate that cash receipts will drop from the \$232,453 appropriated two years ago to \$220,000 for the next biennium.

Vocational rehabilitation explained that the work is now leveling off for the first time since reorganization of the department in 1945 when 629 cases were served and 82 rehabilitated so that they could become self-supporting.

### Kidnap-Slayer Not As Bored As He Acted

SAN QUENTIN, Calif. (AP)—Sudden to the end, William "Bud" man Billy Cook, a kidnap-slayer of six persons two years ago, died in San Quentin gas chamber with a false show of boredom.

The squatty killer's outward calm was belied only by the stethoscope strapped to his chest. It showed his heart was pounding in excitement—120 times a minute—before the fatal cyanide pellets stilled his pulse forever.

Cook, 23, was put to death for the kidnap-slaying of Robert Dewey, a Seattle salesman, in California's Imperial Valley.

He also had confessed to the kidnap-murders of five members of the Carl Mosser family of Alameda, Ill. He stuffed the bodies of the Mossers and their three children in an abandoned mine shaft near Joplin, Mo.

Before killing the Mossers, Cook forced them to drive for three days through Texas, Arkansas and Missouri.

All six killings occurred in the first week of January, 1951.

### Director Of Hastings Museum Sends Bryan Statue Request

The "House of Yesterday," a history of the great plains, and we also have Bryan's famous carriage on exhibition.

"We have an ideal location for the statue and I am sure the people of Hastings would feel proud to add this statue to their museum," says Elgisti.

Gov. Peterson has asked the Bryan Memorial Statue Commission to find a "Permanent" location for the statue, placed on the capitol steps as a temporary location several years ago.

CAPITOL CHRISTMAS LIGHTS — A huge cross of electric lights shines from high on the northwest corner of the tower of the State Capitol in true Christmas spirit. Plans for the second annual Christmas caroling program at the Capitol were made Friday by Music Guild committee members. The caroling is scheduled for Dec. 21 in the Capitol rotunda. (Star Photo.)

### Legion Post's Probe Of NU Book Commended, Condemned

Charges and counter-charges continued to fly back and forth Friday in connection with the Lincoln American Legion Post's decision to investigate a textbook used at the University of Nebraska as "subversive."

The past commanders of the Omaha American Legion Post No. 1 adopted a resolution commending the Lincoln post for its action, but the Lincoln Chapter of the Americans for Democratic Action passed a resolution condemning the action.

The Omaha commendation also applied to Joseph J. Vinardi, chairman of the Legion's state Un-American Activities Committee. It was Vinardi who touched off a bitter controversy Monday night when he advised the Lincoln Legion of the use of a "subversive" textbook at the University.

The textbook was later disclosed as "The State of Asia," used by Prof. E. N. Anderson in teaching a history course last spring.

The ADA, however, in its resolution passed Friday night pointed out that "conflicting opinions and freedom to express them are a healthy part of our democracy," and added:

"While the American Legion shares in this privilege and responsibility with all Americans, the Legion's attack by a few Legion spokesmen on the books used at the University of Nebraska raises these questions:

"1. Are they qualified to judge the book and teaching methods used?

"2. Is it American to attempt to damage reputations of individuals through unfounded charges, innuendoes or guilt by association?

"3. Are self-constituted, so-called 'investigating' committees

to supplement the legally constituted channels of investigation in our institutions?"

(For a story on the stand of the University of Nebraska Chapter of the American Association of University Professors, see Page 3.)

### Central City Crash Fatal To Two Men

CENTRAL CITY, Neb. (Lincoln Star Special)—Two Polk County men were killed Friday afternoon when the small pickup truck in which they were riding collided with a train at a crossing in the east part of Central City, reported Sheriff Roland D. Gibson.

The two men were identified as Louis Hester, 71, of Osceola, driver, and Homer Mustard, 73, of Silver Creek. The deaths brought the 1952 state total of traffic fatalities to 308 as compared to 320 a year ago.

The truck collided with an east-bound Union Pacific train, Sheriff Gibson reported. The pickup was thrown 350 feet by the impact of the crash, he added.

### Motor Vehicle Tax Proposals Are Opposed

OMAHA (AP)—County officials of Nebraska declared they want no changes made in the distribution of the proceeds of motor vehicle taxes and fees.

In a resolution adopted unanimously at their closing session, they also urged the 1953 Legislature not to tamper with the present methods of assessing motor vehicle taxes. The county officials want any change limited to the method of collecting such taxes.

**Erickson New Head**  
O. L. Erickson of Kearney, Buffalo County, was named president of the association.

C. G. Nichols of Minatare, Scotts Bluff County, was named vice president; and Earl Foster of Grant, Perkins County, was named secretary-treasurer.

County Clerks in their meeting agreed that if a voter's intent is clear, his write-in vote should be counted.

The association of County clerks named the officers: Grand Island, Hall County, president; C. A. Bad Wayne, Wayne County, vice president; and Bonnie Applegate, Kearney, Buffalo County, secretary.

The Nebraska Association of Clerks of the District Court named Charles J. Lehn of North Platte as president. Other officers include Sidney J. Gottsch of Omaha, vice president, and Mattia Quinn of York, secretary-treasurer.

The Nebraska Association of County Treasurers chose Carleton Anderson of Osceola as president, Jean Lloyd of Wayne was named vice president, Emile Long of Alliance, secretary, and J. Ed Hancock of O'Neill, treasurer.

### Teenager Ends Up In Court

Advisers Organize Data Of Trip

By DON WHITEHEAD

HONOLULU (AP)—President-elect Dwight D. Eisenhower, nearing the end of a two-week study of Far East problems, began his last day of talks with key advisers before leaving Saturday for New York.

Plans for the day indicated more rest than work, but he will continue talks with John Foster Dulles, the next secretary of state, Gov. Douglas McKay of Oregon, who will be his secretary of interior, and Adm. Arthur W. Radford, commander in chief of the Pacific Fleet.

Two associates said he was determined not to answer attacks on the value of his trip to Korea by President Truman, who Thursday called the trip a piece of campaign demagoguery.

It is known that Eisenhower, who began the journey two weeks ago, feels the venture was of great value.

From sources of the highest reliability, however, it can be said that Eisenhower feels the Truman blast at him was uncalled for, undignified, and should be ignored.

### Threat Overheard

The only ripple of excitement at the Marine air station where Eisenhower is relaxing, was a report from the Honolulu base Secret Service that it had picked up an unidentified teenager overheard threatening the President-elect's life.

The Secret Service gave no further details of the incident beyond saying that the boy had been handed over to the juvenile court.

Eisenhower and his party will fly back to the U. S. mainland Saturday, leaving Honolulu at noon.

The Pentagon announced that he is expected to reach Travis Air Force Base at Fairfield, Calif., before midnight Saturday (PST) and was expected to reach New York about noon Sunday (EST).

Dulles, McKay and members of Eisenhower's staff will accompany him.

**Many Already Home**  
The remainder of Eisenhower's party of cabinet members and advisers left for home Thursday night and already are on the mainland.

The Eisenhower party slept late Friday morning. Then Dulles made a trip to Hilo before returning for conferences. Eisenhower was getting in a little golf.

### Element Of Drama

Looming ahead was a dramatic meeting with Eisenhower's old military superior, Gen. Douglas MacArthur, probably early next week in New York City, on the Korean conflict.

In a statement to the National Association of Manufacturers last week, MacArthur said "I am confident there is a clear and definite solution to the Korean conflict."

It was learned Eisenhower is going to determine that the United States will not bring an end to the Korean struggle unless a truce calls for the return of American prisoners of war now held by the Communists. And he is on record against forced repatriation of Communist prisoners held by the Allies.

### Hunt Proposal For Session Turned Down

ATLANTA (INS)—Sen. Richard Russell (D-Ga.) has turned thumbs down on a proposal that his senate armed Forces Committee call President-elect Dwight Eisenhower and Gen. Douglas MacArthur to give their views on ending the Korean war.

Russell said: "I think a meeting of the nature proposed would have an adverse effect."

"I'd do anything in the world that would contribute to ending the war in Korea, but I doubt that such a meeting would do any good. I'm afraid it would hurt more than help."

Sen. Lester Hunt (D-Wyo) first made the proposal that the Senate Armed Services Committee convene at once and call the two five star generals. The committee will be re-organized, and the chairmanship will go to a Republican when Congress reconvenes in January.

## —West Vs. Reds— U.N. Wants Only Facts For Firings

Justice Department  
Drawing Up Plans

UNITED NATIONS, N. Y. (AP)—A U. S. State Department committee and American Justice Department officials are reported working on ways of giving confidential information on suspected subversives to U. N. Secretary General Trygve Lie.

The final decision will be up to President Truman, informed sources said.

This development came as growing sentiment was reported among U. N. delegations over the conduct of the whole question of subversives in the U. N.

### Dislike Procedure

Some delegates, who would not be identified, said there is a strong feeling that the delegations should be informed about what is going on and not have to read sketchy reports second-hand.

A source close to Lie said there are no new firings of disloyal employees in prospect, but it was acknowledged that no one knew just when sufficient information might be received on which to base action in some cases now pending.

Lie is expected to meet soon with U. S. Atty. Gen. McGranary and with Sen. Alexander Wiley (R-Wis.), who has taken a keen interest in the issue of subversives in the U. N.

### Comment Insufficient

Persons familiar with Lie's views reiterated emphatically that Lie never has and never would fire any person on the basis of a brief comment from the United States.

These persons said that Lie always insists on having the facts. They acknowledged that the U. S. cannot give the detailed FBI reports because they contain the names of informers and other secret data.

But they said it should be possible for the Justice and State Departments to make a digest of the essential information in such a form that Lie would be able to act.

## Re-Trial Ordered In Fatality Suit

A new trial has been ordered by the Nebraska Supreme Court in traffic fatality case in which Harvey M. Davis of Grand Island sought damages from the Grand Island Dairy Products Co., in connection with the death of Davis' son, in 1951.

Donald Davis and three other youths were killed when the Davis car and a dairy truck collided at the edge of Aurora. A fifth occupant of the car was injured.

The young people were driving home from the state basketball tournament in Lincoln when the accident occurred.

The Hamilton County District Court threw out the suit at conclusion of the plaintiff's evidence, holding there was not sufficient cause for action.

The Supreme Court, sending the case back to Hamilton County for re-trial, said:

"As the record comes to us at this time, we find no evidence from which it could be concluded that defendant Donald Davis was guilty of any contributory negligence."

Other cases decided Friday:

Wayne County—City of Wayne vs. Arthur G. Adams and others, and Clyde Omaha held that rights of parties vested by a court judgment cannot be taken away by subsequent legislation. Suit involved title to a lot which city transferred to Omaha in exchange for property being acquired from him as site for an auditorium.

Kimball County—Leslie Elrod and others against estate of Hattie Gifford; upheld district court which quieted title to undivided half of oil and mineral rights in the estate.

Cherokee County—New trial ordered in suit of E. L. Canada against Elmer J. Krueger and Thomas Lumber Co. for possession of leased premises.

Plaintiffs in the suit are Arthur G. Adams and others, and Clyde Omaha.

**BEGINNERS' LOOT**—Lieut. Paul Beave (left) looks over a .22 caliber rifle—part of the loot of nine burglaries of three Lincoln youths—brought in by Detectives Bob Butcher (second from left) and Bob Sawdon. Police arrested the three youths Friday night. (Star Staff Photo.)

## Nine Breakins Confessed By Teen-Age Trio

A trio of Lincoln teen-age boys ended a short-lived escapade as juvenile burglars when Lincoln police picked them up Friday night.

Since Sunday night the three youths—ages 16, 17 and 18-years-old—committed nine burglaries involving theft of merchandise with a value estimated by police at \$250.

Most of the material taken was auto accessories—tire chains, inner-tubes, a car jack, socket wrenches, gasoline and oil. Three .22 caliber rifles and a large stock of ammunition were also found in the boys' possession.

**Found In Attic**  
Detectives Bob Sawdon and Bob Butcher found the loot in the attic of the boys' home shortly after the boys admitted the burglaries.

Sunday night one of the group said they broke into Sullivan Lumber Company, 4711 Prescott, and Kemerling Service Station, 48th and Calvert. The following night he said they broke into the Auto Park at 13th and Q.

The boys admitted breaking into five places Wednesday night, including Union College Library; Sinmark Service Station, 3855 Normal, and College View High School. They also admitted breaking into the Union College dairy barn Thursday night.

**Historical Society Nets \$14,534 In Interest**  
Audit of the Nebraska State Historical Society from April 1, 1951 to Oct. 31, 1952, completed Friday by Ray Johnson, state auditor, show that through investment of building and equipment funds appropriated for the new building \$14,534 in interest was added bringing the total up to \$600,663.

There had been disbursed on building costs \$287,961 and still invested is \$250,000 awaiting completion of the building.

Salaries, wages and maintenance of the museum, library and archeological activities amounted to \$86,036 leaving a balance of \$91,185 for the rest of the biennium. The fiscal agent report showed expenditures of \$14,461 from the operating cash fund on non-tax money.

Other cases decided Friday:

Wayne County—City of Wayne vs. Arthur G. Adams and others, and Clyde Omaha held that rights of parties vested by a court judgment cannot be taken away by subsequent legislation. Suit involved title to a lot which city transferred to Omaha in exchange for property being acquired from him as site for an auditorium.

Kimball County—Leslie Elrod and others against estate of Hattie Gifford; upheld district court which quieted title to undivided half of oil and mineral rights in the estate.

## Citizens Council To Give Plan On Motor Vehicle Tax Reduction

The Nebraska Citizens Council, Inc., will disclose very shortly a plan to "reduce high taxes on motor vehicles without curtailing revenue to schools and municipalities," and an "extensive research study on the sales tax."

Both will be available to the public "within ten days" it was indicated Friday following a meeting of the board of trustees and some members of Council's newly-created 50-member advisory body at the Cornhusker Hotel. First drafts were reviewed at the meeting.

Robert M. Armstrong, the Council's executive director, said the "vote of the people on the

motor vehicle amendment indicated a change."

He declined to discuss the plan until it could be made available to State Sen. Earl Lee's Committee for the Six Constitutional Amendments.

He termed the recommendation "a sensible and realistic approach to a partial solution of the question of state taxes."

## Mrs. Garrison, 79, Life-Long Resident Of Lincoln, Dies

Mrs. Lillie May Garrison, 79, 2450 So. 8th, life-long resident of Lincoln, died at a local hospital late Friday afternoon.

She was born Dec. 7, 1873, in Lincoln, and was a member of the Methodist Church.

Surviving are one daughter, Mrs. Robert E. Dean of Lincoln; six grandchildren and four great grandchildren.

## Munn Named Head Of Extension Board

Ted Munn of Martell Friday was elected president of the Lancaster County Extension Board.

Other officers for the coming year are A. G. Warboys, vice president, and Mrs. Charles Wierchert, secretary-treasurer, both of the Lincoln area. Named to the board were Mrs. Don George of Lincoln and Glenn Ehlers of Benet.

Extension plans for the coming year were also discussed at the annual board meeting in Lincoln. Plans were announced for seven farm and home meetings to be held in the county during January and February.

The board also announced that the addition of L. Van Withee to the county extension staff will make it possible for the service to expand soil conservation and soil fertility projects.

## Bronze Star Medal Awarded Lincolnite

A Bronze Star Medal has been awarded to former Sgt. Conrad H. Anthony, 2640 B, "for meritorious service in connection with operations against an armed enemy" in Korea during the period from Jan. 17 to Sept. 15, 1951.

Anthony, who served in Company L, 7th Infantry, 3rd Infantry Division, was cited for "constant adherence to superior work and cheerful leadership under the most adverse conditions."

The medal was awarded by Col. James H. Workman, professor of Military Science and Tactics at the University of Nebraska.

Anthony was discharged from the Army in October, 1951, and is now employed by the Burlington Railroad.

## Wholesale Index Down As Farm Prices Drop

WASHINGTON (INS) — The Labor Department has announced that wholesale commodity prices declined four-tenths of one percent in the week ending Dec. 9 due mainly to a drop in the prices of farm products.

## Christian Lutheran Church Members Approve \$11,671 Budget For 1953

Milton Meyer Friday night was elected president of the congregation at the annual election meeting of the Christian Lutheran Church.

The voting members also adopted a 1953 budget totaling \$11,671. A membership report revealed that the church now has 235 baptized members and 133 communal members, compared to 158 and 91 respectively the first of this year.

Sunday school membership has increased from 15 on Aug. 1, 1951, to 84 at the present time.

Other officers elected include: Kenneth Herrmann, vice president; Richard Herpolsheimer, secretary.

## Church Conference Is Next Month On Ag College Campus

The annual Town and Country Church Conference is slated at the University of Nebraska College of Agriculture Jan. 21-22.

Guy R. Davis of the Agricultural Extension Service, secretary of the conference, said the event is open to all church denominations interested in town and country church programs.

Main speakers for the first day's session include E. W. Janike, associate director of the Nebraska Extension Service; Pastor O. E. Engbreton of Decorah, Ia.; Miss Mary Ann Grundman, International Farm Youth Exchange who visited Austria last summer; Dr. William E. Hall of the university's educational psychology department; Otto Holberg, of the University's sociology department; and Calvin Schucker of Dubuque, Iowa.

**Rufus Howard Estate Appraised At \$73,771**  
An estate appraised at \$73,771.11 was left by the late Star Secretary of Agriculture, Rufus M. Howard, according to a report filed in County Court.

Real estate, including a home in Lincoln and a quarter section of Lancaster County land, was listed at a total value of \$34,835.

Personal property included insurance, shares in the American Telephone and Telegraph Company, and cattle. Howard held \$18,592.50 in U. S. Government Bonds.

Howard died on March 28, 1951.

# NU Professors Blast 'Irresponsible Charges'

"Any attempt to make teachers fair game for irresponsible charges is an attack upon the fundamentals of academic freedom and those principles of free exchange of thought which are protected by and in their exercise protect the Constitution and the Bill of Rights."

This assertion climaxed a statement of principles drawn up by the executive committee of the University Chapter of the American Association of University Professors in answer to charges aired at an American Legion meeting that a textbook used at the University of Nebraska is "un-American."

The statement, signed unanimously by the members of the committee, is as follows:

"College professors by the nature of their profession are required to teach both the facts and theories surrounding the subject matter covered by their courses. Since universities deal with all knowledge, the faculty must necessarily discuss materials which touch upon religious, moral, physical, political, and social beliefs, some of which are widely divergent and dogmatically asserted by individuals and pressure groups all over the world. In expounding such controversial material it is the professor's duty to discuss fully and impartially all facts and theories in such a manner that intelligent students may reach the conclusions supported by science and the evidence. The good professor covers every subject relevant to his courses but does not propagandize either for or against any beliefs or theories."

"The bacteriologist teaches about noxious organisms, the chemist handles poison gas, the law professor explains crime, the political scientist informs his students about communism; but to teach about evil things is not to recommend them."

"In carrying out this duty a teacher in an institution of higher learning is often required to explain fully facts and theories of social and political conduct contrary to those which are accepted by certain students and groups in the community and often contrary to his own political beliefs. For this reason college faculties are carefully chosen from men and women learned and expert in their fields. Since they are often misunderstood by their students and members of the community, they are protected in their work by academic freedom and tenure."

"If any professor violates his duty to teach fully and impar-

tially, he is responsible to the University authorities and to the scholarly profession of which he is a member. Abuse of academic freedom in the form of using it to propagandize any particular cause may be punished by dismissal after trial by his colleagues. Any responsible person can present charges to the properly constituted university official, and as public servants they are required by law to give it a full and proper investigation. If the facts warrant the professor will be held responsible to the university authorities and his colleagues."

"The American Association of University Professors as a professional body denies the validity of witch-hunts and trials by press, innuendo, pressure groups, or agencies outside the properly constituted legal authorities charged with enforcing the high professional requirements of the privilege of academic freedom and tenure. It also opposes condemnation before charges are proved, and adheres to the principle that every teacher because of his oath of office and his professional background is loyal and competent until proven otherwise."

"It is regrettable that the high standards required of learned men in the pursuit of the truth are not always understood. Any attempt to make teachers fair game for irresponsible charges is an attack upon the fundamentals of academic freedom and those principles of free exchange of thought which are protected by and in their exercise protect the Constitution and the Bill of Rights."

The members of the executive committee are:

Frederick K. Beutel  
Stanley T. Vandersall  
A. C. Breckenridge  
Doretta Schalphoff  
M. A. Bascoe  
Maurice C. Latta  
M. A. Alexander

## Clarke Heads New Bank At Ralston

RALSTON, Neb. (AP)—Formation of a new bank here was announced Friday.

Heading it are the president and vice president of the Clarke Bank of Papillion — R. F. Clarke as president, K. C. Brown as vice president.

It will be a state bank capitalized at \$50,000.

Clarke is a past president of the Nebraska Bankers Association.

## Awaiting An Invitation

Many are the reflections inspired by the current discussion of a plan to bring the Korean War to a close.

This is to commend President-elect Eisenhower for his steadfast purpose not to be drawn into the quarrel between Gen. Douglas MacArthur and President Truman. That is a sound position which will meet with the general approval of the American people regardless of political likes and dislikes. Still another orchid to the President-elect for his announced determination to turn the information over to President Truman in order that MacArthur's plan, if acceptable to those responsible for decision, may be put into execution without delay. There is a good demonstration of the most practical character of an orderly transition between an outgoing and an incoming administration of conflicting political views.

It is unthinkable if Gen. MacArthur does have a relatively simple plan to bring the Korean War to an end without laying this country wide open to a possible general war, that even an hour's time be lost. An hour could mean the sacrifice of an American life or several lives unnecessarily all because some one failed to climb off a high horse and took refuge in pride and hot anger. There is no indication how long Gen. MacArthur has had this plan of his bottled up within him—no way of judging whether what appears simple or easy to him will fail to impress others whose judgment may be as acceptable as that of Gen. MacArthur. There is the assurance that no time will be lost in arranging for a meeting between the two generals. There is the announcement by Gen. Eisenhower himself that he will place whatever information Gen. MacArthur furnishes him in President Truman's hands without delay in order that a struggle thousands of miles away may be brought to a speedy close. That is good news, the best news this country could get.

It is also a fine example of conduct for all

Americans. Whatever our differences may be, we must work together, shoulder to shoulder, on the supreme task which this country faces.

The amazing thing is that down underneath among a great many people, an astounding spirit of bitterness prevails. At the top level or at the White House itself, it is not permitted to interfere with any step calculated to serve this country's best interests. The President invited Gen. Eisenhower to meet with him and the President-elect accepted. That meeting was for the sole purpose of giving the President-elect, and back of him the people whom he will serve in the next four years, the benefit of any knowledge which Mr. Truman and his key associates possess. Once again there was the spectacle of Mrs. Eisenhower visiting the White House—and Mrs. Truman welcoming her and showing her the routine of the White House. There at the top level, the common sense, the understanding, the appreciation of this nation's needs have made it possible to do the things that need doing.

There is no profit in rehearsing this old story which Gen. MacArthur's recall from the Far East created. There is no gain in reopening old wounds. The only thing important is that if Gen. MacArthur has a sound plan for ending the war, then it would be stupid and worse than stupid to wait more than a month—or until after January 20—to put it into effect. We assume that Gen. MacArthur himself will recognize the futility—which is hardly the word for it—of waiting weeks before action is initiated.

It appears that there are a lot of stubborn fires smoldering in this country. They could be costly. Fortunately the outgoing and incoming Presidents, loaded down with responsibility, know that the United States cannot dilly-dally around or mark time. It isn't a matter of awaiting an invitation to bring the Korean War to a close. The one thing and the only thing that counts is finishing this bloody business as quickly as possible.

## Another Noble Experiment?

Does the United Nations need a dose of strong medicine to cure what ails it? And specifically what ails it, if anything except a general ignorance of what is taking place under the banner of the United Nations?

These questions are inspired by Roscoe Drummond, chief of the Washington Bureau of the Christian Science Monitor, who pointedly wrote:

"Do you think that the United Nations is a failure, an overwhelming failure, and that nobody would be much the loser if it folded up and disappeared? Do you think that the United States is almost single-handedly fighting and sacrificing for the defense of Korea, that American troops are getting no more than 'token' help from others? If you do, you are not alone. Many other Americans hold the same views. It is my observation that the United Nations is in peril from rapidly developing hostile elements in American opinion. From the many persons I talked with on a recent trip across the country, and from the questions which come from all kinds of audiences, in large cities as well as small, it is evident that there is a gathering distrust, disregard, and dislike for the U.N. and a widespread feeling that the United States is pretty much having to go it alone in Korea."

If there is, then Mr. Drummond or any other astute observer should know that the reason there is can be explained simply. Whether or not individuals meant to do so, the fact remains that throughout the past two years, there has been a steady attempt to sell the American people the idea: (a) that the United Nations actually is a failure, that its accomplishments are of

no consequence, and that international co-operation is a snare and a delusion; (b) that the United States has borne in a substantial sense all the burdens of the United Nations, including the defense of Korea.

Drummond undertakes to give some of the answers. He points out that the United Nations Security Council—Russia fortunately absent by virtue of its own boycott—unanimously branded the North Korean Communists, now aided by Communist China, as the aggressor in the Korean attack. The Security Council called upon all members of the U.N. in a position to do so to contribute forces to the common defense and 15 members, plus the Republic of Korea, are taking part. Actually it is the South Korean forces, Drummond says, who are bearing the principal burden of fighting. Of the 15 divisions, 60 per cent of the battle line is held by ROK troops, 15 per cent by units from other U.N. countries, and 25 per cent by American soldiers—a very different picture of the battle line than most Americans possess.

Finally, he quotes Gen. Van Fleet, the commander in the field, to the effect that it is the South Korean who in addition to the divisions in the line is providing invaluable help with at least 2,500 men attached to the divisions sent to Korea to fight under the flag of the United Nations.

It would be rather rough, heroic treatment but perhaps the thing to do would be to announce the dissolution of the United Nations on January 1, 1953. Usually people never value anything quite so much as they do when they lose it.

## No Coonskin Caps This Time

Despite Gen Eisenhower's wishes for a simple ceremony, the inaugural parade next month promises to be a glittering affair with spectacular dimensions. It has almost always been so.

Back in 1805, Rep. Oakley Hunter of California recalls, Thomas Jefferson rode up Pennsylvania avenue on horseback in the first inaugural parade. Before delivering his address, Jefferson carefully tied his horse to a tree. When Andrew Jackson came to Washington for the great day he, too, rode on horseback during the parade, but he was followed by a mob of

enthusiastic supporters who later crashed into the White House and tracked mud on the carpets. It was quite a shock to old-timers accustomed to more dignity.

Then in 1841, when William Henry Harrison went into office, participants in the parade wore coonskin caps and rode on wagons equipped with kegs of hard cider and replicas of log cabins. Harrison had used the three emblems during his rough-and-tumble presidential campaign.

The inaugural parade will be quite a sight in January, but it will have to go some to equal the colorful parades of the early days of this republic.

### Editorial Of The Day

#### A Capone Makes Good

(From The Atlanta Journal)

She had five sons but the world knew only four. Mrs. Theresa Capone was buried near her most notorious son, Scarface Al. She died after a long illness in Chicago.

One of the sons, named Ralph, was known as "Bottles." Matt was called "Mimi." Salvatore was "Frank." These three, along with Al, were gangsters and thugs.

The very name Capone recalls an era. Al rose to the head of an empire of crime that owned official Chicago and ruled the underworld throughout America. Gambling, prostitution, dope, murder, these were their stock in trade and they dealt in them openly, corrupting police and judges in many major cities, shooting and knifing their victims with little fear of arrest and no fear of conviction.

Now comes to light a story that there was another Capone, a brother named James. Ashamed of his four gangster brothers, ashamed even of his name, James went to Nebraska and became a law enforcement officer. He called himself Harte and was so stern that lawbreakers called him "Two-gun" Harte.

He was so fine a man that he was named a district commissioner of the Boy Scouts of America.

Let no man again bemoan his handicaps. A Capone became a leader for good in his community!

### The National Average

The average American, according to the Association of American Railroads, can count on 36 Christmas gifts and greeting cards this year. The Association bases its figure on the mail it expects the railroads to move this month.

Local mailmen, however, may dispute that statistic. From the loads they carry at this early date, Lincoln residents surely must be above the average when it comes to receiving Yuletide letters and parcels.

### THE LINCOLN STAR

Entered at the Postoffice in Lincoln, Nebraska, as second-class mail, for transmission through the mails. Published each weekday morning by the Journal-Star Printing Co., of Lincoln, Nebraska.

## Communist Minister Aids American Reds

WASHINGTON—The Hungarian Communist minister to Washington, Dr. Emil Weil, attended a meeting at the Barbizon Plaza Hotel in New York on Nov. 9 which should constitute ample evidence that he is meddling in American politics. Furthermore, he was obviously encouraging American Communists and Hungarian-Americans to oppose the United States.

It is contrary to diplomatic rules for a foreign envoy to meddle in the politics of any country, and a diplomat who does so is subject to recall. One such historic precedent was the case of Sir Lionel Sackville-West of the British embassy who was immediately sent back to London when he wrote a private letter advising an alleged British citizen in the United States to vote for Grover Cleveland in the Harrison-Cleveland election of 1888.

Dr. Weil, a practicing physician who administered the trial of Mindszenty in Budapest, has been stationed in Washington for more than two years. However, the State Department so far has found no excuse under the rules of diplomacy for requesting his recall.

On Nov. 9, however, the minister got official permission to go from Washington to New York, where he turned up at the Barbizon Plaza Hotel theater for a celebration in honor of Hungary's national hero, Kossuth.

Main speaker was Carl Marzani, the young Italian-American who worked in the OSS and State Department during the war and was convicted afterward of failing to reveal he was a Communist.

Marzani's speech consisted of an attack on Eisenhower, Truman, Stevenson, and the American policy of building up Europe's military defenses.

"Eisenhower is like all the rest of the capitalist imperialistic warmongers," Marzani told his enthusiastic audience, with Minister Weil sitting in a forward row, "like the boys in the Pentagon, like Gen. Omar Bradley who says that war has to be carried to Moscow in order to stop the shooting."

"Well, let me tell you friends, Bradley will be in Moscow if he starts an all-out war. But he will be there as a prisoner—like Von Paulus."

"There is no difference between Eisenhower and Stevenson," Marzani continued. "They are all representatives of the imperialistic warmongers. There are only two countries in the world which are really seeking peace: Soviet Russia and China."

"Eisenhower organized the NATO Army. My friends, the NATO countries do not want to fight against Soviet Russia. This army is an imaginary army. France had 55 per cent Communist votes, Italy 35 per cent. We have to presume that this prevails among the soldiers of the respective countries too."

"How does Eisenhower think this army will fight?" declared the former State Department official.

### ARCH DONOVAN

## In Step With The Sower

If top leadership of the state is to set the example it appears there will be some changes around the statehouse come January.

Gov.-elect Robert Crosby and his announced administrative assistant, Max Denney, appear to think alike in many ways.

Before he takes office and still remains plain Bob to the Sower, we recall when he was elected lieutenant-governor and he shattered precedent by recommending legislation instead of merely serving as presiding officer.

He recommended that the position he filled be abolished as not providing enough in the way of duties and responsibilities to keep a person busy. The legislature did not care to lose him, so he temporarily retired from politics and returned to his law practice at North Platte.

MAX on his return from military service after the last war was named police magistrate at his home city of Fairbury. The salary was \$75 a month for the part-time post.

After working a short time, he suggested that the position be abolished and the work turned over to a justice of the peace, thus saving for the city the amount of his salary.

It looks probable that some state employees are going to have to take on added duties or be abolished when this duo have time to look over activities at the seat of state government.

CHARLES MOON, director of athletics, ignored the "do not open until Christmas" label on a package he received from an European A.P.O. address. Visitors to his office were entertained by musical chimes when they picked up the gift from his daughter and her military mate.

It was a large German beer stein with a music box in the base. Charles Hoy, public relations representative of the beer industry, was a visitor from Omaha and much intrigued by the stein.

THE parboiled look on the face of William Diers of the board of control during the recent cold snap was entirely the fault of the Mrs. to hear him tell it.

His children presented their aging father (he's 11 months older than the Sower and don't let him hear you otherwise) with an elec-

trical convicted of hiding his Communist sympathies. "It will fight against, not for the United States."

"Don't forget, my friends, that 800,000,000 people cannot be disregarded. They have to be reckoned with. These people are Socialistic and are not easily stopped."

"You who are assembled here to commemorate Kossuth have the power to change everything here in this country," said Marzani, working up to his climax. "Go out and work, work, work. You have to collect signatures for petitions. Write to the White House. Flood them with letters, telegrams. Demand that the shooting be stopped in Korea."

"The FBI creates concentration camps. But you, you have the power to decide who should be in those concentration camps."

At the end of his speech, which received a tremendous ovation, Marzani announced that a political action committee would be formed for propaganda.

In the back of the theater, he said, were contribution boxes. "Deposit your contributions as you go out. If you want to make a larger contribution send a check to Ameriki Magyar Szo, (a pro-Communist paper). Every man, woman and child is expected to take part in this great project. Don't rest. Go out and spread the word."

The audience roared. Not only did Dr. Weil sit all through this without leaving—as any other diplomat would have done—but at the end, the theater spotlight focused on him and other members of the legation staff. He got up, bowed several times. Again the audience roared.

As the meeting broke up, Dr. Weil, wife and legation staff moved toward the exit. There he put a contribution in the box—to be used to undermine the American government.

A lenient interpretation of the rules of diplomacy might decree that Dr. Weil had broken no rule up until the time he made his cash contribution. From that point on, however, it seems unmistakable that he stepped beyond diplomatic bounds.

Even more important: At the exit of the theater was a stack of booklets for sale, among them one called "Hungary's Churches Today," printed by the "Hungarian News and Information Service" which is operated officially by the "Hungarian Peoples' Republic." This must have been brought to the meeting by the Hungarian legation.

In other words, the Hungarian legation gave its blessing to this meeting which viciously attacked the U. S. government by selling its propaganda there.

Furthermore, and most damning of all, as the crowd departed, a cultural attaché of the Hungarian legation was seen gathering up the balance of the propaganda booklets, and after consulting with Dr. Weil, hurried out to a waiting car.

### A THOUGHT FOR THE SABBATH

## Stories Of Famous Hymns

### Praise Him! Praise Him!

Praise Him! Praise Him! Jesus our blessed Redeemer!  
Sing, O Earth—His wonderful love proclaim!  
Hail Him! Hail Him! Highest arch-angels in glory:  
Strength and honor give to His holy Name!  
Like a shepherd Jesus will guard his children.  
In His arms He carries them all day long.  
Praise Him! Praise Him! Tell of His excellent greatness.  
Praise Him! Praise Him! Ever in joyful song.

By HORACE B. POWELL

The Civil War was scarcely over when the gospel songs of Fanny Crosby, beloved blind hymnist, began to sing their way across America. For more than half a century, in praise services, prayer-meetings and revivals, they were sung more frequently and more generally, perhaps than those of any other author.

One day in Orange, New Jersey, the blind singer was introduced to a missionary who had just returned from the Orient and who told of the popularity of many of Miss Crosby's gospel songs in mission lands.

His most thrilling story was about a visit to a missionary school in Korea where, he said, a tiny girl who had lost her sight and who was known as "little blind Fanny Crosby" attracted wide interest with her singing. One of the little blind girl's best numbers, according to the missionary, was Fanny Crosby's "Praise Him" song. Korean folks came in from miles around to hear her sing.

## The People Speak

### Wait For The Evidence

Lincoln, Neb.

To the editor of The Lincoln Star: In this column on Dec. 10, W. T. Davis seemed to infer that the Un-American Activities Committee of the American Legion has no right even to think that there would be any un-American activities harbored within the boundaries of our university. He would rather have us believe that the rumor that there is a Red professor in the university originated with what he calls an excited seg-

#### CHAIR ON CASTERS

You wouldn't think there would be any problem about putting casters on a chair—and, for that matter, there really wasn't; the problem came after the little wheels were attached.

The chair which was involved was originally located in the room I use for an office at home, and it needed rollers on it because in being pushed back and forth as I alternately arose and sat down it was making the rug look like a hairless poodle with pimples. I do not know where the chair is at this moment, but if anyone should see a chair go by their house and turn the next corner on two wheels, that's mine!

It may be that I should not have oiled the casters so thoroughly before putting them on, or perhaps I used the wrong size. On the other hand, the one that fitted crookedly on the northeast corner might have had something to do with it. Whatever the cause, the chair's peculiar mobility was apparent the moment I sat down to test the job.

One moment I was sitting on the chair, and the next, it was sitting on me. There is something highly embarrassing about falling out of a chair. It is one of the few mishaps which cause a man to glance about for onlookers before he feels around for broken bones. In this case there was neither, so I tried again, but more carefully. No good! I came out on the bottom again.

Another man would have had sense enough to admit defeat at losing two falls out of three. I didn't. I insisted on the third fall. I got it.

By now it was apparent, even to me, that here was a chair which demanded more than ordinary treatment. It got it, too. You do not ordinarily kick a chair five times and beat it over the seat with the handiest dictionary. Treatment like that should have flattened the rollers, making them less agile.

On this theory I backed the chair into a corner, braced the exit with a stack of books, and sat down quickly, hoping to catch the thing off guard. It caught me off guard instead. It ignored the barricade, skidded up the wall, turned a somersault over my head and slithered across the floor.

I saw red. I went in pursuit. Right at the door to the office I got my fingertips on it but it dipped to one side and slid away faster than ever. It raced down the hall, bounced off the newel post and dived downstairs. The front door is at the bottom of the stairs, and Mrs. F. was just coming in with an armful of groceries. The chair went out.

Mrs. F. Picked herself up, wiping a tomato out of one eye, and said I ought to be arrested for reckless driving. With magnificent self control I ignored her and headed for the basement.

There was an old apple box down there, and I find that it makes a very satisfactory kind of office chair.

As for the other one, if you see it, don't take any chances. Just shoot!

(Chicago Sun-Times Syndicate)

### Need For Moderation

Editor's Note: Be brief. Limit letters to 150 words or less. Letters signed by a pen name, must be accompanied by writer's name and address. Letters represent only contributor's view.

ment of public opinion created by Nixon-McCarran-McCarthyism. This old, worn-out line of defense is still being used despite the fact that the hampered efforts of these courageous public servants resulted in indicting and dismissing a large number of disloyal and "pink" sympathizers in various departments of our federal government.

The controversy involving the American Legion and the University of Nebraska seems to stem from the Legion's protest against the use of a certain book ("State of Asia").

It is only natural that American fathers and mothers want to know who is teaching their children and what is being taught in our schools and universities.

I would suggest that Mr. Davis reserve judgment until all the evidence is in.

GEORGE WILSON

### Need For Moderation

To the editor of The Lincoln Star: The thought-control advocates have struck a hard blow at academic freedom here at the University of Nebraska.

While the "textbook" affair brings down the unqualified rage of independent scholars, reactions should be tempered with moderation lest the sensationalism which has nourished McCarthyism assert itself. Any serious student of Far Eastern history will see the folly of the charges brought against "State of Asia" by Rosinger and others by closely examining the book. I strongly doubt that there is any reasonable justification for questioning it.

It is unfortunate that Dr. Anderson, a fair-minded and understanding scholar-instructor, should be the target of such reckless attacks. However, his valuable contributions to the indoctrination of "good democracy and the promotion of free discussion" will provide an impregnable defense against nuisance efforts to discredit his reputation as a loyal American.

# Nutrition Advances Said Aid To Ag Progress

Recent trends in including antibiotics, trace minerals and supplementary vitamins in the rations of livestock were termed here Friday as examples of major agricultural progress.

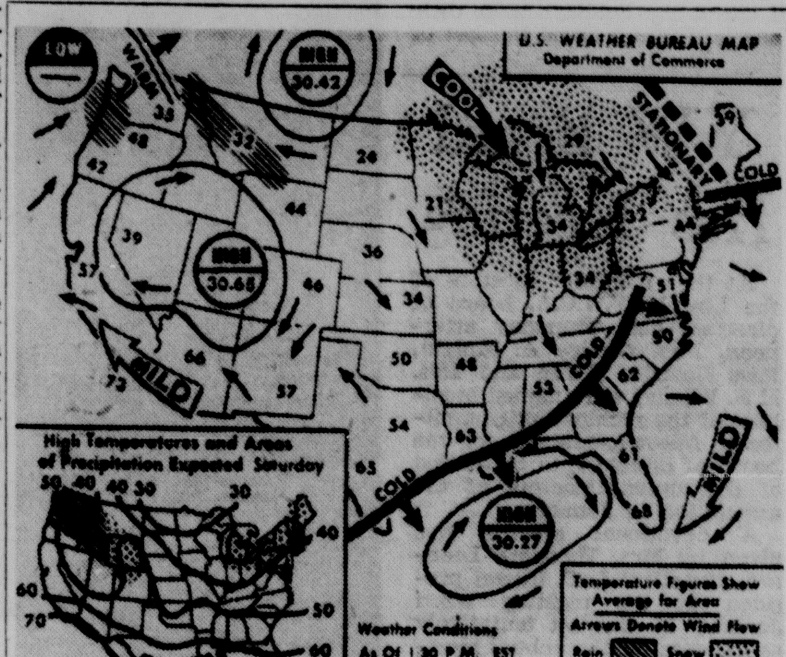

University of Nebraska scientists outlined these recent advances in the field of animal nutrition at the second day's session of the annual feed and nutrition conference at the College of Agriculture Friday.

Speaking at the conference were Prof. I. L. Hathaway of the dairy department, Dr. C. W. Ackerson of the agricultural chemistry department, Prof. R. J. Meade and Prof. T. W. Dowe, both of the animal husbandry department.

Prof. Dowe also pointed out, however, that Nebraska cattle feeders who were aware of the possibilities of roughage utilization and who kept up on the latest information through the '30s and since, were able to stay in the cattle business through constantly changing conditions.

He said that new consciousness of the role of the rumen in cattle nutrition is important. But, he said, this probably does not mean that rumen bacteria can make something out of nothing. In a few cases, he added, the lack of some essential ingredient in minute quantities can be of tremendous importance, citing sulfur and cobalt as possible examples.

"Our enthusiasm for these minute quantities, however," he cautioned, "should not lead us astray. Too much may be as disadvantageous as too little. The role of mineral elements and their interrelationships are so complex that we need to be constantly aware of the risks involved in tampering with them." Prof. Dowe stressed the need for basic research on these relationships.

**FAIR WEATHER—Snow Hurries** are expected Saturday in the lower lakes region, the northern Appalachians, northern New England and in the central and northern sections of the Rocky Mountain states. Some rain is expected in northwest Pacific states. It will be fair over remainder of U.S.; colder in northeast quadrant and slightly warmer in the plains states, upper Mississippi valley and Florida. (AP Wire-photo Map Friday Night.)

## Hornbostel Named Head Of Deshler's Chamber

DESHLER, Neb. (AP)—H. J. Hornbostel will head the Deshler Chamber of Commerce in 1953. Other officers: Arlen Hohl, vice president; Donald Lentz, secretary-treasurer; E. A. Rodenburg, J. R. Jacob, F. J. Buntmeyer and Ernst Behring, directors.

Stuart: "It Grows on Trees," 12:52, 3:01, 5:07, 7:16, 9:25. Esquire: "Rogue River," 2:43, 6:11, 9:39. "Love Happy," 1:18, 4:46, 8:14.

## Increased TV Stations Seen For Nebraska

WASHINGTON (AP)—Nebraska now has two television stations operating, two more have federal construction permits and five other Nebraska applications are before the communications commission.

It likely will be many months before the commission will act in the pending cases. This is because the commission examiners are fully tied up now, and for months ahead, with current and scheduled hearings.

Nebraska's two stations on the air are in Omaha—KMTV on channel 3 and WOW-TV on channel 6. Construction permits have been granted two Lincoln stations, KOLN-TV on channel 12 and KFOR-TV on channel 10.

## Three Omaha Applicants

There are three applicants for channel seven in Omaha—the Herald Corporation, KFAB Broadcasting Co. and Inland Broadcasting Co. At Hastings there are two applicants for channel 5—Seaton Publishing Co. and Strand Amusement Co.

The commission has allotted other channels to various Nebraska towns but so far no applications have been made for television stations there. The towns are:

Alliance, channels 13 and 21; Beatrice, channel 40; Broken Bow, channel 14; Columbus, channel 40; Fairbury, channel 35; Falls City, channel 38; Fremont, channel 52; Grand Island, channels 11 and 21; Hastings, channel 27; Kearney, 13 and 16; Lexington, 23; Lincoln, 18 and 24; McCook, 8 and 17; Nebraska City, 50; Norfolk, 33; North Platte, 2 and 4; Omaha, 7, 16, 22 and 28; Scottsbluff, 10 and 16 and York, 15.

## SPUCC Board Favors Halting Waste Of Water

MINDEN, Neb. (AP)—Directors of the South Platte United Chambers of Commerce have put themselves on record in support of a bill to do away with wasting water that might go for irrigation.

Meeting here, the directors agreed that water now going to waste because of the present diversion law should be used for irrigation purposes.

They also voted to support the State Highway Department's plan for completing a sufficiency rating on highways in Nebraska.

## SAC Mission Told

Brig. Gen. James Walsh of the Strategic Air Command at Omaha outlined for the 250 chamber members attending a banquet the "Mission of the SAC."

He said the primary mission of the SAC was preservation of the major peace. But in case of war Gen. Walsh said, the SAC should be prepared to deliver atomic desolation to the enemy in the first week of the conflict.

A major attraction for the capacity crowd was the lighting of the 11,000 multi-colored lights atop the Kearney County Courthouse here. A concert followed illumination of the courthouse dome.

## Harrison Named To Nebraska's Society

WASHINGTON (AP)—The Nebraska Society of Washington has elected Rep. R. D. Harrison (R-Neb.), and three others to its Board of Governors.

The others are Paul M. Hawkins, Fremont; Orland Huyck, Grand Island; and James McCrory, Omaha.

R. L. Cochran, of Lincoln and North Platte, former governor of Nebraska, was elected president of the society for 1953. Cochran is an official of the Bureau of the Budget.

## Kratz Retiring Head

Other officers elected for the coming year are McCrory, vice president; Herbert L. Spencer, North Platte, secretary; and Huyck, treasurer. Lt. Col. Golden P. Kratz of Sidney is the outgoing president.

Continuing members of the Board of Governors include Stanfield B. Johnson, Omaha, Jessie Stearns, Lincoln, and Lt. Col. Rolla C. Van Kirk, Lincoln.

## Nebraska News

## Arlen Pleads Not Guilty To Assault; Hearing Date Set

YORK, Neb. — (Lincoln Star Special)—Jack H. Arlen, 39, of Lincoln pleaded not guilty in County Court Friday afternoon to the charge of assault with intent to commit murder.

The preliminary hearing on the complaint filed by County Attorney Jack Zeigler charging Arlen with shooting Mrs. Sally Powell Oct. 24 at her home in York, has been set by Judge Hermann Clock for Thursday, Dec. 18.

Zeigler claims that Arlen drove to York after escaping from the Lancaster County jail, where he was serving a six-month term for possession of obscene photographs, and shot the 35-year-old woman while she lay in bed. Mrs. Powell recovered, but lost an eye.

Arlen was brought to York Friday from the Nebraska State Penitentiary in Lincoln, where he is serving a one-year sentence for escaping jail.

## Tentative Date Set For Opening New Historical Building

Opening of the new State Historical Society new building on the University of Nebraska campus is tentatively set for Sept. 27, 1953, Supt. James C. Olson said Friday. That is the 75th anniversary of the founding of the society.

Olson appeared before Tax Commissioner Philip Johnson to outline the proposed budget for next biennium. Requested is \$201,872 as compared with \$168,163 currently appropriated.

He explained that removal from the present quarters in the Capitol to the new building will cause some increase in operation and maintenance costs.

## 25 Nebraskans Land In States

SEATTLE (AP)—The Navy transport Gen. M. M. Patrick arrived at the Port of Embarkation here with 25 Nebraskans among its 1,403 passengers from the Far East.

The Nebraskans by hometowns: Lincoln—Capt. Carl R. Franson, 4241 Troop; Capt. Donald P. Rowen, 925 So. 37th; Edward H. Sauter, 5226 Walker avenue; Dunning—Pfc. Gilbert D. Baxter; Bridgeport—Capt. Herman E. Blome Jr.; Bayard—Pfc. Roberto E. Brabo; Valentine—Pfc. Ross F. Brooker; Spalding—Pfc. Peter F. Curtin; Minden—Capt. Delbert R. Dorn; Council Bluffs—Pfc. Lloyd G. Eberhart; Norfolk—Capt. Edward R. Fowald; North Platte—Sgt. William L. Griffiths; Omaha—Lt. Virgil L. Henderson; Capt. Raymond R. Vasholz; Pierce—Capt. Gregory J. Hoffman; Kearney—Capt. William H. LaFlan; Fairview—Pfc. Orville A. Lemburg; Verdel—Capt. Arthur W. Miller; Paxton—Sgt. Floyd E. Miller; Roca—Capt. Arthur O. Reddish Jr.; Amesbury—Pfc. Raymond J. Siebek; Genoa—Pfc. Allan L. Sorenson; Culbertson—Sgt. Arthur R. Stock; Morrill—Pfc. Clyde W. Stratt; Chadron—Pfc. Oren L. Vassar.

## Rowbal Elected Head Of Cosmopolitan Club

ORD, Neb. — (Lincoln Star Special)—Richard Rowbal is the new president of the Ord Cosmopolitan Club. He succeeds Dr. F. J. Ostrowski.

Other officers are Dean Misko, vice president, and D. E. Troyer, secretary-treasurer. The new officers will take over after the first of the year.

# TOWN TALK

SOME OF OUR news this morning takes us up to New Year's eve—it involves guests, of course—but the greater portion of what we have to offer this year has to do with guests who will be arriving for Christmas—Christmas parties—for bridge groups and such things—A word or two, also about people who are going away for the holidays—

THOSE NEW YEAR'S eve guests we mentioned are Capt. and Mrs. William O. Peak of Ft. Benning, Ga., who plan to be in Lincoln for the New Year's eve activities and who will be the house guests of Mr. and Mrs. Jack Stone.

Mrs. Peak, as you may remember, is the former Bernice Allen, daughter of Mr. and Mrs. M. H. Allen of Grand Island, formerly of Lincoln, and an Alpha Phi at the University of Nebraska. At present Mrs. Peak and her three daughters, Kathy, Pat and Elizabeth, are visiting Mrs. Peak's parents in Grand Island where they will be joined on December 20 by Capt. Peak.

PICKED UP some news about Mr. and Mrs. William Wylie (Janice Morrison), too—Heard that Mr. and Mrs. Wylie and their two children, Billy and Nancy, will be arriving from Tallahassee, Fla., on Sunday to spend the holidays as the

guests of Mrs. Wylie's parents, Mr. and Mrs. C. L. Morrison.

SOMEONE TOLD us that Lieut. and Mrs. Jack Campbell (Sally Holmes) of Denver will be in Lincoln for the Christmas holidays—in fact Mrs. Campbell already is in Nebraska—visiting her parents in Kearney. In Lincoln Lieut. and Mrs. Campbell will be the house guests of Lieut. Campbell's parents, Mr. and Mrs. John D. Campbell.

OUR CHAPTER concerning those who will spend Christmas elsewhere opens with Mr. and Mrs. Charles Simon who, electric trains and all, leave next mid-week for Duluth, Minn., where they will spend the holidays with their son-in-law and daughter, Mr. and Mrs. Daniel Caulkins, III, and their four grandsons, Dan IV, Cy, Zach and Clay.

THEN WE learned that Mrs. George Rokahr will go to Hastings to spend the Christmas

## Saturday Dance

The Saturday night dance for young adults, aged eighteen to thirty-five, will begin at 9 o'clock, Saturday, in the Green room of the Y.M.C.A. The dance is sponsored by the Y.M.-Y.W. and music will be provided by the Jimmy Frost Trio.

week-end with her son-in-law and daughter, Mr. and Mrs. Richard Boyer and their family—

NOTHING—not even the approaching holiday season—interferes with courtesies for popular brides-to-be, judging from the calendar that is dotted with affairs for Miss Pat Black whose wedding is planned for late December.

Miss Black, who becomes the bride of Robert W. Sim on December 27, is an exceedingly busy bride-to-be this week—On Wednesday Miss Black was the incentive for a one-gift shower and dessert luncheon for which Mrs. G. T. Warren, Mrs. Robert Stump and Mrs. Dale Schilling were hostesses at the home of Mrs. Warren.

Last evening Mrs. Rokahr complimented Miss Black when she entertained a small group of guests at dinner at Hotel Cornhusker, and this evening the bride elect and her fiancé will be honored when Mr. and Mrs. W. F. Hoppe, Jr., are host and hostess at dinner at the Lincoln Country club. The

guest list will include only members of the families.

WE'VE already mentioned another Saturday party for Miss Black—the luncheon for which Mrs. Leslie Swanson and Mrs. James Austin will be hostesses at the University Club.

## Introducing— The Richard Beacoms

## Betrothal

MISS PATRICIA MATTHEWS

Mr. and Mrs. Harold V. Matthews are this morning announcing the engagement and approaching marriage of their daughter, Patricia Ann, to Richard G. Saddoris, son of Mr. and Mrs. Samuel A. Saddoris.

The wedding will take place on Saturday, Jan. 31.

Mr. Saddoris is attending the University of Nebraska.

The fun loving Beacom family—Mr. and Mrs. Richard and their two sons, Ricky and David, have come from Denver, Colo., to reside in Lincoln where Mr. Beacom is manager of the loan department of an insurance, finance and loan company.

At present Mr. and Mrs. Beacom and their sons have a house on Valley road.

We learned that Mr. Beacom is not exactly a stranger to these parts—He was born at Pender. Following his graduation from the University of Iowa, where he is a member of Delta Upsilon fraternity, Mr. Beacom was in service—specifically with the 9th air force, and followed the troops through France, Italy and Germany. If he has an absorbing hobby to be named it would be a toss up between music and

## We Hear That

Leaving Sunday for San Francisco, Cal., will be Mr. and Mrs. W. H. Conroy who will fly from the west coast on Thursday to Honolulu, Hawaii, where they will spend the holidays with their son, Harold Conroy, and family. They will return home the last of January.

## To Be Guests

Members of the Mrs. Links, wives of Junior Chamber of Commerce members, will be the guests Saturday evening when their husbands entertain them at dinner at the Chamber of Commerce.

Following the appearance of Santa Claus and a program of Christmas music by the newly-organized men's chorus, the evening hours will be spent with dancing.

## YW Board Has Meeting

At the monthly meeting of the Lincoln Y.W.C.A. board of directors held Thursday afternoon, Mrs. George A. Knight, Miss Beatrice White and Mrs. E. S. Wegner were named members of the nominating committee to select candidates for the board of directors, to be elected at the annual meeting of the association in January.

A devotional service was given by Mrs. Theodore Leonard, and Mrs. J. C. Russel presided at the meeting when January 27 was set tentatively as the date for the annual meeting.

Mrs. C. M. Duff outlined a proposed amendment to the by-laws, and Mrs. Myron Roberts reported on the annual "Hanging of the Greens" ceremony, which was attended by more than two hundred fifty members and guests.

Miss Grace Bennett announced that Mrs. Susan Perrin would join the staff as night matron, succeeding Mrs. Lilly Burt.

## Everett

## Yule Program

The annual Christmas program of Everett Junior high school will be held at 7:30 o'clock, Tuesday evening, in the school auditorium. The program will be presented by the students, and settings will be under the direction of Miss Winifred Howell and Miss Eloise Dickerson.

Music will be presented by the Everett orchestra, directed by William Spilchal, and Miss Velma Smith will direct the vocalists.

## Northeast Child Center Party

On Tuesday at the Northeast school auditorium, the members of the Northeast Child Center Mothers' club will hold a short business meeting at 1 o'clock. Following the meeting the children will present the Christmas program.

The Toy Shop will be enacted by the kindergarten pupils, while readings and songs are presented by the second graders. A dramatization of "The Little Child" will be given by the first and third grade pupils.

golf, and in the nice-weather months we're sure that golf has a most considerable margin.

If and when Mrs. Beacom, a music major at Briarcliff and the University of South Dakota, has any spare moments she usually is found at the piano—or singing. This homemaker's former rooftop was in Beresford, S. D., where the Beacoms were to have spent Thanksgiving—but guess what prevented the trip—the blizzard. Anyway there is hope that representatives from both sides of the family will come to Lincoln for Christmas.

Eight year-old Ricky, a third grader at St. Teresa's, is enthusiastic about the Cub Scouts—David—just three, seems to be particularly enthusiastic about everything.

## Pi Phi Officer, Guest

A guest in Lincoln was Mrs. James Speaker of Kansas City, Kans., president of Iowa province of Pi Beta Phi, who was visiting the members of the active chapter on the University of Nebraska campus.

Friday morning, Mrs. Speaker was honored at a coffee held at 10 o'clock at the chapter house, followed by a luncheon at the University Club with members of the alumnae advisory board.

## St. Lucia's Day Celebrated Today

A rather recent custom in Sweden is to anticipate Christmas with the Lucia Celebration on December 13 in the darkest time of the year. On that day the prettiest girl in the house impersonates Lucia. She is dressed in white with a red sash and wears a wire crown in her head covered with Bilberry twigs. (Similar to our Cranberry.) In the crown are nine candles. Lucia goes through the house very early Christmas, even at 3 or 4 o'clock and awakens all sleepers giving each one a cup of coffee or a sweet drink.

Saint Lucia lived in Sicily about two centuries after Christ. Her mother had been cured of sickness, for which reason she was encouraged by Lucia to give away all that she possessed to the poor. The young man who was engaged to Lucia became so enraged at this abandonment of a fortune that he reported to the authorities that Lucia was a Christian. She underwent the tortures usual in that day and was put to death.

The crown of candles on the girl's head is emblematic of the longing of northern peoples for light at this time of the year when darkness prevails. Since the pre-Christmas era it had been customary to celebrate Yule, which is still the name for Christmas in Scandinavia, at midwinter, and when Christianity was introduced into Europe the old Yule festival was continued with a new meaning.

## Late November Wedding

MRS. WILLIAM J. TUSSEY

At a 4 o'clock ceremony solemnized Thanksgiving afternoon, November 27, Miss Wilma Carlene Wicken, daughter of Mr. and Mrs. W. C. Wicken, became the bride of William John Tussey, son of Mrs. V. R. Tussey and the late Mr. Tussey. The wedding took place at St. James Methodist church before an altar arranged with white and bronze chrysanthemums, and lighted by white candles burning in seven-branched candelabra.

Chaplain T. R. Jones read the lines of the service, and the wedding music was played by

Mrs. Gail Adams, pianist. Mrs. Adams also accompanied Anna Dealey who sang, "I Love You Truly," "O Promise Me" and "The Lord's Prayer."

Miss Marylys Wicken was her sister's maid of honor and was frocked in blue nylon net and lace over satin fashioned in the colonial manner. She carried a bouquet of blue-tinted blossoms. Wearing identical gowns in the gold-tone were the bridesmaids, Mrs. Tom Swinland of Casselton, N. D., and Mrs. Bob Gotchall, who carried frocked flowers. Lighting the candles were Mrs. Bill Lionberger and Mrs. Gerald Thompson, frocked in russet net over satin, and the flower girl, Miss Judith Myhre of Great Falls, Mont., niece of the bride, wore orchid net over satin.

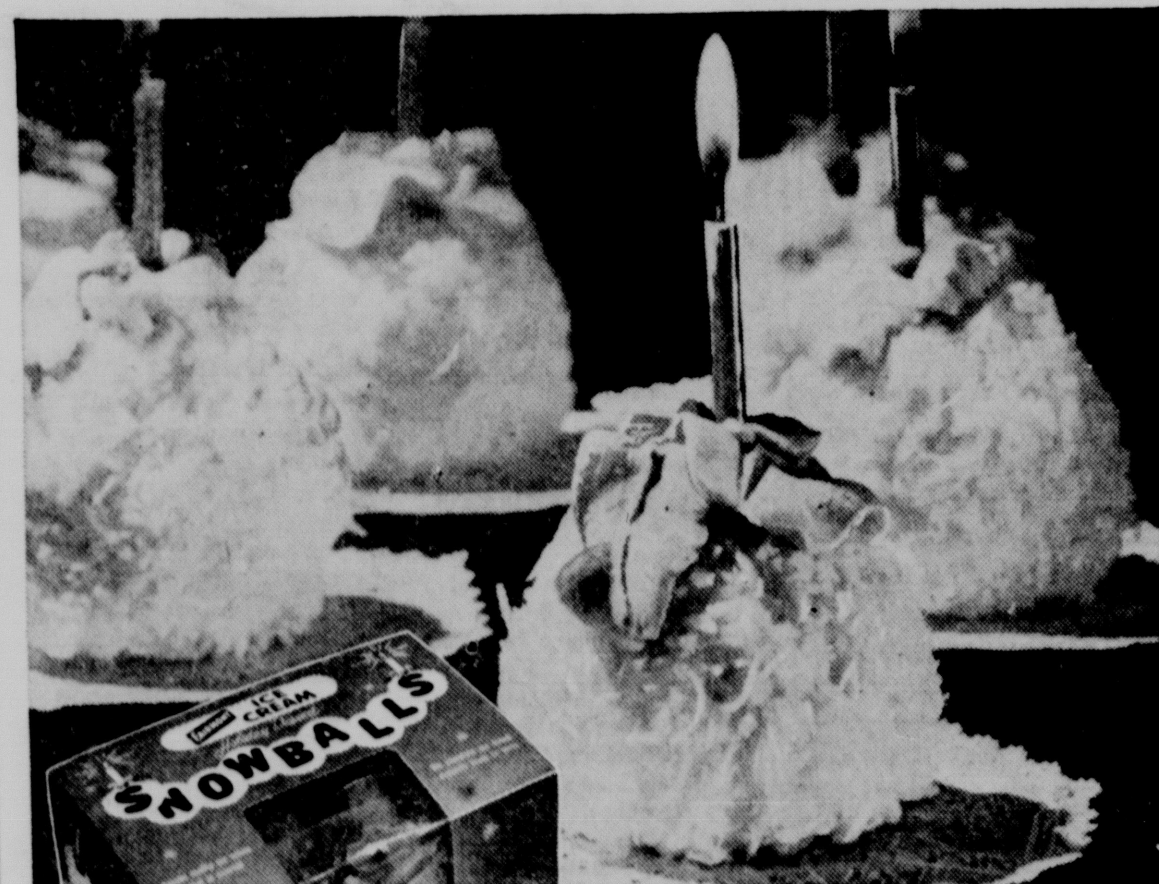

Given in marriage by her father, the bride appeared in a gown of white bridal satin. Chantilly lace formed the trim of the molded satin bodice which was fashioned with a small Peter Pan collar and long fitted sleeves. The lace motif was repeated in a vertical panel on the full skirt, which ended in a train, and a cap of pearl-embroidered satin held her veil of silk illusion. She carried a bouquet of red roses.

Wallace Butzow of Chicago, Ill., served his cousin as best man, and seating the guests were Daryl Wicken, brother of the bride, and Bob Gotchall, Gordon Wicken, nephew of the bride, was ringbearer.

Following a reception for one hundred twenty-five guests, held at the church, the couple left for a short trip, later to reside in Lincoln. Mrs. Tussey wore for traveling a three-piece ensemble of brown and gold tweed with brown accessories.

The bridegroom is a former student of the University of Nebraska.

## New! Different Holiday Dessert! Ice Cream "Snowballs" with Candles

Ready to serve Fairmont Ice Cream Snowballs! Delicious Fairmont Vanilla Ice Cream rolled in coconut! Festively decorated! Complete with candles and goodies! Carton serves six!

By MARY MANNING

Decorate your holiday table with ready to serve FAIRMONT ICE CREAM SNOWBALLS! They are new! They are colorful! They are delicious! # U.N. Turns Down Arab-Asian Bloc's Plan For Tunis

## Mild View Preferred In Wrangle

UNITED NATIONS, N. Y. (AP)—The United Nations has rejected an Arab-Asian plan for U.N. help in settling the bitter French-Tunisian dispute.

The 60-nation Political Committee adopted, instead, a mildly worded Latin American proposal which merely appeals to France to negotiate with Tunisia.

The United States and most of the Western nations voted against the Arab-Asian plan. The Soviet bloc favored it.

### Switch Support

The Arab-Asian nations, after losing their proposal, then switched and supported the moderate Latin American resolution. It carried by a vote of 45 for, 3 against, and 10 abstentions including the Soviet bloc and Britain.

The final vote on the Arab-Asian proposal was 24 for, 27 against and 7 abstentions. The operative parts of it already had been killed by votes on individual paragraphs.

France also has announced it cooled the debate, contending its relations with Tunisia are an internal matter.

France also has announced it will boycott a debate on Morocco, another French-administered territory in North Africa which wants greater self-rule. It has been a scene of bloody rioting this week.

### France Blamed

The Arab-Asian proposal asked the United Nations to call on France to restore "normal conditions and civil liberties" in Tunisia and to resume talks with "the true representatives of the Tunisian people." It also asked the U.N. to appoint a good offices commission to arrange and assist the talks.

The Latin American resolution expressed confidence in France's proclaimed policy to "further effective development of the free institutions of the Tunisian peoples." It also expressed the hope France and Tunisia would negotiate "on an urgent basis with a view to bringing about self-government for Tunisia."

## Miss Lodwig Queen Of Northeast FFA

Marilyn Lodwig, daughter of Mrs. Eunice Lodwig of 5745 Ballard, was presented as 1952 queen of the Northeast High School Future Farmers of America when the boys were hosts to their fathers at the annual turkey feed.

Roy Wilson, College View businessman, was named the honorary chapter farmer in recognition of his help to the group. George Knight, president of Citizens State Bank, was the main speaker. Miss Lodwig's attendants were Donna Moyer and Pat McAdams.

## Interview Is Ordered For 9-Year-Old Boy

In Juvenile Court Friday, Judge Harry A. Spencer ordered an interview with a psychologist for a boy, 9, charged with shooting out windows with an air rifle.

A girl, 10, was placed in a foster home following action initiated by the girl's stepmother.

Five boys, ranging in age from 14 to 16, received a "verbal spanking" by Judge Spencer following a snowball fight which damaged surrounding property.

## License Is Suspended For Period Of 15 Days

The liquor commission Friday suspended the Class "C" license of Stanley J. Kapustka, Omaha, for 15 days, beginning at closing time Saturday, following a hearing Dec. 10 on complaint of sale to a minor.

The beer license of Richard Wilson of Broadwater was suspended 10 days, effective at closing time Saturday. Wilson was cited for drinking "other than beer" on the premises of his establishment.

## Official Tabulation Of Votes Sets New Records For Nation

WASHINGTON (AP)—The official vote for President on Nov. 4 was a record-smashing 61,547,861.

Gen. Dwight D. Eisenhower's winning popular vote total was 33,927,549. Gov. Adlai E. Stevenson, the loser, got 27,311,316. Other parties polled 308,996.

Eisenhower's plurality was 6,616,233.

The total vote for President was 11,727,549 more than the previous record of 49,820,312 in 1940. It exceeded the 1948 vote of 48,688,289 by 12,859,572.

The figures were disclosed in an Associated Press tabulation of the final official findings in the last four states to report—California, Pennsylvania, Rhode Island, and West Virginia.

The report confirmed earlier unofficial results showing Eisenhower carried 39 states with 442 electoral votes. Stevenson won only nine with 89.

The following table, prepared by The Associated Press from state canvassing board reports, shows the total vote, Democratic, and "other" vote and percentages of each by states:

State	Tot. Vote	Republican	Pct.	Democrat	Pct.	Other	Pct.
Ala.	426,120	149,231	35.0	275,075	64.5

Total 61,547,861 33,927,549 55.1 27,311,316 44.4 308,996 0.5

Footnotes: Blank and void ballots in large numbers in New York and Massachusetts and to a smaller degree in some states are not included in the above table in the "other" column. They go to make up the total voter turnout in the nation but not the actual vote for president. "Blanks" are ballots marked for various state and local candidates and unmarked in the presidential column. "Voids" are ballots thrown out for improper marking, etc.

New York's 1952 Democratic vote includes 416,711 Liberal party votes for Stevenson; the same state's 1948 Democratic vote includes 222,562 Liberal party votes for Truman.

South Carolina's 1952 Republican vote of 158,312 is actually the vote for "independent" electors for Eisenhower. It is placed in this column because it is the highest vote the Republican candidate got in the state and is the one counted officially toward his national popular total. Another slate of electors under the Republican label polled only 9,801 votes and these are placed in the state's "other" column along with a single minor party vote. The 9,801 cannot be added to the Eisenhower total because they are votes for a separate list of electors.

## Clergyman's Son Assigned Duties That Were Fuchs'

LONDON (AP)—Britain has finally found someone brainy enough to fill the post occupied by atom spy Klaus Fuchs at the Harwell atomic research station.

Fuchs was head of Harwell's theoretical physics division. The job has been vacant ever since he was jailed under a 14-year sentence for selling secrets to Russia in 1950.

The Ministry of Supply said Friday the successor will be Senior Scientific Officer Brian Flowers.

28-year-old son of a clergyman. Flowers will take over Fuchs' job next January on an acting basis.

He worked on the Chalk River atomic project in Canada in 1944. After World War II he took up academic research at Birmingham University and joined Harwell's staff two months ago.

## Truman Accepts Locke Resignation But 'With Regret'

WASHINGTON, (INS)—President Truman has accepted the resignation of Edwin A. Locke Jr., as U.S. aid coordinator in the Near and Middle East.

Locke resigned following a recent speech in which he expressed views divergent from administration policy.

There was, however, no indication of presidential displeasure in Mr. Truman's letter of acceptance. The President addressed the envoy as "Dear Eddie," and expressed "sincere regret" that he was resigning. Mr. Truman praised Locke for his services in improving relations with the Near East. The resignation is effective Jan. 5.

# Early Mailing Rush Tops 1951 By 500,000

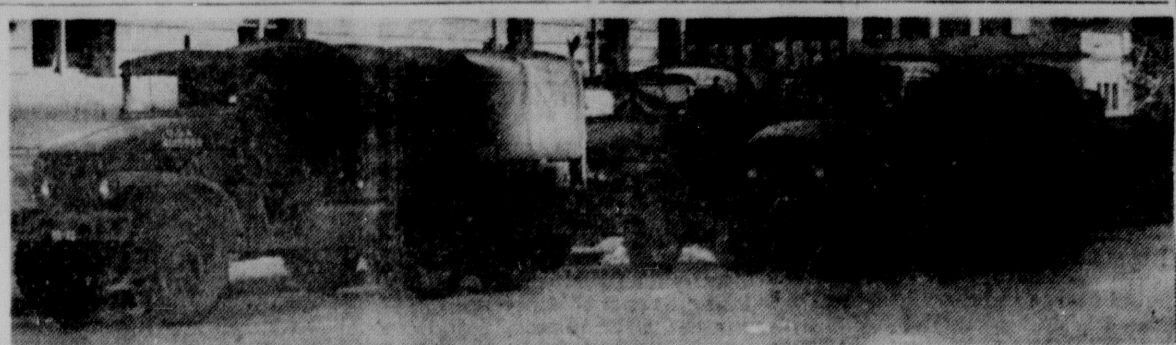

More than 500,000 additional pieces of mail were handled by the Lincoln post office in the first 11 days of December this year than last, Gerald D. Jones, Superintendent of Mails, said Friday.

Expecting the yearly avalanche of Christmas parcels and mail to begin in earnest Saturday and Monday, the Lincoln post office is prepared to use 500 Christmas mail helpers as compared with 463 employed during the 1951 season.

This indicates both that people are "mailing early as well as a heavier Christmas mail," Jones added. The 1952 count for this period was 1,730,751 pieces as compared with 1951's 1,167,147.

Mail is heavier from the beginning of December, but Dec. 15 marks the "traditional beginning of the influx," according to Jones. Mail volume by pounds for Dec. 11 was:

Incoming	1952	1951
First class	36,526	35,969
Fourth class	371,789	359,372
Other	102,338	104,217
Outgoing	1952	1951
First class	35,341	35,818
Fourth class	358,243	337,968
Other	243,857	205,765

**HARBINGERS OF CHRISTMAS MAIL RUSH** — Nebraska National Guard trucks, used during the annual avalanche of Christmas packages, were lined up Friday on the west side of the Lincoln Post Office ready for the heavy influx of parcel post mail expected to begin Saturday and Monday. These trucks will be manned by some of the 500 extra mail helpers expected to be needed to handle this year's increased volume. (Star Photo.)

## French Plane Crashes

**GRENOBLE, France (INS)**—A four-engined French military plane carrying at least five persons besides its crew crashed and burned near Grenoble. The fate of the occupants was not known to officials.

For quick buyers for your livestock and farm equipment, place a low cost Journal & Star Want Ad. 10 words 3 days for only \$1. Phone 2-3331 or 2-1234 or drop your ad in the mail.

## Here In Lincoln

**To Hear Carols**—Thirty-seven freshmen student nurses from Lincoln General Hospital will sing a group of Christmas carols and anthems at the regular meeting of the Lincoln Rotary Club Tuesday, Dec. 16.

**Roper & Sons Mortuary**—Adv Wadlow's Mortuary 2-6535 Adv Hodgman-Splain Mortuary.—Ad.

**Dr. Court Speaker**—Dr. Frank Court, pastor of St. Paul Methodist Church, will speak on "The Meaning of Christmas" Monday noon at a Norden club meeting at the YWCA. Election of officers also is scheduled.

**Midwest Roofing** for all types of Roofs and Siding. 2-5512 Adv.

**Old Toys Needed**—Toys to be reconditioned for use in holiday baskets to be distributed by the Health and Welfare center are being sought. Boxes have been placed throughout the city, and calls for pick-ups may be made to 2-5887, or toys may be left at 2229 O St.

**Just arrived** lutefisk, smoked herring, wide variety of jar fish, lunch cuts, tidbits, anchovies. Ralph's Super IGA, 2638 No. 48th.—Adv.

**Water Pageant**—Northeast High School's all girl Penguin Club will present its Christmas water pageant again Saturday at 8 p.m. at the school. The pageant features various water formations including a picture of the Bethlehem Nativity and an introduction of Santa Claus to the tune, "Jingle Bells." Sponsor of the swimming group is Mrs. Vieta Short.

Wondering what to get Aunt Mary for Christmas? Check the "Gift Spotter" on the Want Ad section. There is an excellent selection of swell gifts for anyone on your Gift List.—Adv.

**Name Change Requested**—David Renwick Toy filed a petition in District Court asking permission to legally change his name to David King Renwick. Toy claims that he is "an American-born native" but that his name is of "foreign origin" and is "embarrassing."

**Lodge Christmas Party**—Liberty Lodge's annual Christmas Party will be held at 7 p.m. Thursday, Dec. 18, at the Masonic Temple, 1635 L. St. Santa Claus will be on hand to distribute treats to the children and the program will get under way at 7:30 p.m.

# Big 7--SW Conference Bowl Tieup Not Imminent

## Lincoln Baseball Verdict Will Be Given Saturday

By NORRIS ANDERSON  
Sports Editor, The Star

LINCOLN will know today if it is to have Western League baseball in 1953.

A final meeting of the baseball committee, slated for the Hotel Cornhusker at noon, will reveal if the necessary \$25,000 to keep Lincoln in the league has been raised.

After the first day of canvassing Wednesday by the committee of 33 baseball enthusiasts, a total of \$14,581 had been pledged in stocks at \$10 per share.

What is added to that total will be a result of the Thursday and Friday soliciting. If the required \$25,000 has been registered by Sunday when the league directors convene in Lincoln, the league will loan an additional \$15,000 and Sherman Field will be in business.

"Everyone was working at full speed Friday," said A. Q. Schimmel, one of the drive's leaders. "The drive has picked up to the point where people are coming in with pledges voluntarily without being contacted."

General Manager Bill Hayes emphasized that the shares will be non-assessible. If a profit is realized, however, the shareholders will benefit accordingly.

As to Lincoln's status as an independent operation, Hayes explained: "We will not be obligated to obtain from or sell our players to any one specific major league outfit. Our talent will come through purchases and trades and optioned players from various major league outfits."

Concessions at Sherman Field will be owned locally. Harold George, Western League vice-president and executive secretary who is in Lincoln for the meeting, told The Star that Lincoln "could thank the A's for pulling out."

"I think you will be much better off as an independent operation," said George, pointing to the fact that in 1952 over 55 per cent of regular season pennants in Class A, B, C and D baseball were won by independent units.

"The people of a community always take much greater pride in an independent operation," added George. "If they own stock, they take a personal interest in the team and they become steady patrons."

Including in the pledges Friday was a check for \$20 from Bob Bowie, assistant sports editor of

## Duster Rally Falls Shy; Hastings Wins

LINCOLN Star Special  
HASTINGS — Hastings High School stood off a last quarter rally by Holdrege here Friday night and stormed away in the final two and a half minutes to gain a 60-45 win.

It was the second straight win for the Tigers and the second loss in as many starts for the Dusters.

For a time it appeared that Holdrege was enroute to victory when, with five and a half minutes left, the Dusters went into a 43-42 lead on two straight buckets by Dale Knotek.

Dick Klieber sent Hastings into a permanent lead at 46-44 with a 2-21 left and Cal Johnson took the Tigers out of danger with five straight free throws.

Johnson, with 18 points, and Phil Weingart with 12 paced the Tiger attack, while Rex Bosley, key man in the Duster offense, hit for 14 points. Hastings won the reserve tilt, 39-35.

Hastings (45) f. g. r. t. p. Swanson 1 0-0 2 McConnell 1 1-7 5 Phillips 1 0-0 1 Swanson 1 0-0 0 Klieber 1 3-5 11 Norrell 0 0-0 0 Johnson 5 8-12 22 Carlson 1 16-20 32 Leonard 6 2-3 10 Miller 1 2-2 5 Dettler 1 3-3 4 Luther 1 2-2 5 Plambeck 1 1-2 4 Peterson 1 1-1 1 McCready 1 3-4 8 Bosley 3 8-13 23

Holdrege 12 12 11-45  
Officials—Roy Day and Harold Hunnerford.

## Huskers Underdogs Against Powerful Minnesota Tonight

COACH Harry Good and a 12-man University of Nebraska basketball squad left Omaha by plane Friday afternoon for a Saturday game against the powerful Minnesota Gophers at Minneapolis.

The Cornhuskers will be decided underdogs, as Minnesota has already defeated two tough foes—Bradley, 79-63, and Xavier, 76-61.

The Huskers looked ragged in beating South Dakota, 65-53, last Saturday.

In addition, the Gophers have three regulars back from the team which beat Nebraska, 63-55, at Lincoln last year.

They are Center Ed Kalafat (6-6, 240 pounds), who scored 34 points last season; Bob Gelle

(6-3, 220 pounds), Gopher captain and a consistent scorer; and Sophomore Chuck Menzel, a good floor player and another high scorer.

A Husker ensemble of Bill Johnson, Don Weber, Willard Fagler, Fred Seger and Joe Good will start against Coach Ozzie Cowle's Gophers. All saw action against Minnesota last year.

During the past week, the starting five scrimmaged the second team, which employed Minnesota's 1-2-2 zone defense.

The traveling squad includes Johnson, Weber, Fagler, Seger, Good, Stan Matzke, Paul Fredstrom, Don Munster, Murray Backhaus, Gary Renzleman, Gerry Sandblute and Dave Fahrback.

the Denver Post. Denver is the one of five independent operations in the Western League.

"I guess that shows Denver has faith in us," commented Schimmel.

Links Zip Past Norfolk, 43-29  
(Lincoln Star Special)

NORFOLK—The Lincoln High Links defeated Norfolk here Friday.

It was win number two for Coach Lyle Weyand's crew in as many starts. The Links cooled Fremont, 50-33, last week.

Next on the Lincoln schedule is a meeting with its arch-rival, Grand Island. The Links tangle with the Islanders on the Whittier court next Friday, December 19.

Brainard Drowns Polk Hopes, 59-31  
LINCOLN Star Special  
POLK—Brainard hit 44 per cent of its shots from the floor to beat Polk 59-31 here Friday night.

Virgil Verba led Brainard scoring with 23 points in the victor's fourth win in a row. Polk had won three straight before falling to the Tigers.

James Havloviz and Charles Dickhute hit 10 points apiece for runner-up scoring honors for the winners. D. Nyderg was high for the Cubs with seven.

Brainard's tight defense held the losers to only one field goal during the first half. The Tigers held an impressive 25-9 lead at halftime.

College View Downs Omaha Westside, 44-40  
LINCOLN Star Special  
OMAHA—College View passed its second basketball test of the season by dropping Omaha Westside in an Aksarben Eight Conference game, 44-40, here Friday night.

Paul Westbrook, College View's watch-chain guard, poured in 14 points to pace the Viewmen. Bob Price had 11 for Westside.

The lead changed hands several times in the first half, which ended in a 24-24 deadlock.

CV took a 32-31 lead into the final period, but Westside overtook the visitors, 39-37, on a field goal by Ron Peterson with four minutes left in the game.

With two minutes left, Jack Porter proved to be the ace in the hole for College View. He dunked a field goal and a free throw to give CV a 41-40 lead.

With 50 seconds left in the game, Bill Thierstein popped in a fielder and a free toss to ice it.

The CV reserves beat the Westside "B" team, 36-34.

David City Squeaks Past York, 35-34  
LINCOLN Star Special  
DAVID CITY—Forward Don Kilgore eyed the basket, cut loose, and dropped a free throw through the nets with only two seconds remaining in the game to give David City a 35-34 win over York here Friday night.

The two teams had waged a nip-and-tuck battle all the way, with York holding a 7-5 first-quarter lead and a 15-14 halftime margin. David City forged ahead, 31-28, at the end of the third period.

It was Kilgore, who scored nine of his evening's total of 12 points in the third period, who shot the Scouts ahead. York came back to tie the score, 34-34, with 30 seconds left in the game.

Then Kilgore, who was David City's high scorer, sunk his winning free toss.

Paul Toms poured in 17 points for York.

BOTH TOO LATE—Denny Costin (25) of Cathedral and Johnny Lawler of Norfolk Sacred Heart race for a loose ball which rolled out of bounds as the picture was taken. Coming up to lend Lawler his assistance is Teammate Bill Kellogg (55). The Bluebirds won, 55-30. (Star Photo.)

## Second Win For Cathedral Bluebirds Mangle Sacred Heart, 55-30

By WAYNE PANTER  
Star Sports Staff Member  
COACH Vince Aldrich used a full complement of 15 players as the Bluebirds mangled a hapless Sacred Heart of Norfolk team, 55-30, at Irving Friday night for their second win.

Aldrich began substituting early when it became obvious that the game was to be strictly no contest. The starting five in its entirety played only a few minutes in the first and third frames.

A hot streak on the part of the Bluebirds, coupled with a chill on the part of the inept visitors, gave the Aldrichmen a fast 8-1 edge and the score stood at 10-1 at the quarter post.

Sacred Heart came close to maintaining the pace in the second frame, being outscored only 12-11, but wilted in the third heat to trail by 43-16 as a fresh flock of Bluebirds assaulted the nets.

Sacred Heart failed to score from the field in either the first or third stanzas, and could muster only a total of eight two-pointers.

The pace slowed in the final frame as Aldrich scraped the bottom of the barrel, giving the entire 15-man squad a chance to play.

Bill Heidrick, 6-4 forward, and Tom Studnicka paced the Cathedral offense. Heidrick racked five fielders for a 10-point total, while Studnicka hit four times from the field and added a five-for-seven mark at the charity line for 13 points.

Major assistance was lent by Joe Clark and Denny Costin, each of whom was good for six points. The latter duo turned in competent floor games, while Heidrick, Studnicka and Darwin Jamming maintained a stranglehold over the banks.

Forward Ed Mock scored five of Sacred Heart's eight fielders and was virtually all the visitors could muster. Most of his 14 points were scored at times when the Bluebird second and third strings were in action.

In the prelim, the Cathedral seconds outlasted a tardy Sacred Heart rally to win a 29-25 thriller. Don Flynn had 11 for the victors, while Johnny Lawler was good for 10 points toward the losing cause.

Chadron Wallops Colorado Mines  
GOLDEN, (AP)—With Bud Larsen's 23 points and Bob Armstrong's 19 leading the way, Chadron State Teachers College blasted Colorado School of Mines, 90-58, here Friday night.

It was Chadron's fourth straight win and the fourth time the Eagles have topped the 80-point mark.

Chadron held a meager 10-8 the first period but pulled ahead, lead with seven minutes gone in 17-10, at the end of the first quarter. After that it was a runaway.

Chadron's fast break and sharp rebounding was too much for the Miners, who went down to their third straight defeat.

The two teams play again tonight.

Wymore Staves Off Bid By Plymouth, Wins 45-43  
LINCOLN Star Special  
WYMORE — The Wymore Zephyrs staved off a determined Plymouth rally to defeat Plymouth, 45-43, here tonight.

Wymore led easily all the way, but had its margin cut to 35-29 going into the final quarter. In the fourth quarter, Wymore's Bill Seymour and Dede Heusman, two pacemakers, fouled out. Plymouth took advantage of this, but couldn't quite hack it.

Ron Van Landingham led the Zephyrs with 22 points. Bob Brandt had 14 for Plymouth.

only a total of eight two-pointers.

The pace slowed in the final frame as Aldrich scraped the bottom of the barrel, giving the entire 15-man squad a chance to play.

Bill Heidrick, 6-4 forward, and Tom Studnicka paced the Cathedral offense. Heidrick racked five fielders for a 10-point total, while Studnicka hit four times from the field and added a five-for-seven mark at the charity line for 13 points.

Major assistance was lent by Joe Clark and Denny Costin, each of whom was good for six points. The latter duo turned in competent floor games, while Heidrick, Studnicka and Darwin Jamming maintained a stranglehold over the banks.

Forward Ed Mock scored five of Sacred Heart's eight fielders and was virtually all the visitors could muster. Most of his 14 points were scored at times when the Bluebird second and third strings were in action.

In the prelim, the Cathedral seconds outlasted a tardy Sacred Heart rally to win a 29-25 thriller. Don Flynn had 11 for the victors, while Johnny Lawler was good for 10 points toward the losing cause.

Chadron Wallops Colorado Mines  
GOLDEN, (AP)—With Bud Larsen's 23 points and Bob Armstrong's 19 leading the way, Chadron State Teachers College blasted Colorado School of Mines, 90-58, here Friday night.

It was Chadron's fourth straight win and the fourth time the Eagles have topped the 80-point mark.

Chadron held a meager 10-8 the first period but pulled ahead, lead with seven minutes gone in 17-10, at the end of the first quarter. After that it was a runaway.

Chadron's fast break and sharp rebounding was too much for the Miners, who went down to their third straight defeat.

The two teams play again tonight.

## No Official Move Seen In Near Future; Glassford, Sikes, Faurot Approve Idea

DALLAS (AP)—Executive Secretary Howard Grubbs of the Southwest Conference said Friday a post-season bowl tie-up with the Big Seven Conference in the Cotton Bowl had been under consideration for some time but that he saw no official move toward that end in the immediate future.

Commenting on speeches by coaches Don Faurot of Missouri and J. V. Sikes of Kansas about such a tie-up, Grubbs declared:

"This was considered in the first years of the Cotton Bowl. Don Rogers, then head of the Cotton Bowl, made an offer to the Big Seven at that time. Since then it has been discussed frequently.

"There are some distinct advantages that would accrue from such a colation but the disadvantages would come from the scheduling of games between teams of the two conferences.

"There might be years when the champions of the two conferences would already have played each other during the season and a Cotton Bowl game between them would not be desirable."

Grubbs said there was little possibility the question would be discussed at the winter meeting of the Southwest Conference which now is under way here.

Contacted in Lincoln, Bill Glassford, head coach of the Nebraska Cornhuskers commented that a Big Seven Conference bowl game with some other conference, as Faurot Sikes suggested, would be a "fine arrangement."

"I am only speaking from my own point of view," he explained, "but I see nothing wrong with bowl games."

Glassford added, "I would like to see it done, but the decision rests with the chancellors and faculty people."

Chancellor R. G. Gustavson of the University of Nebraska said: "I am opposed to bowl games, have been and will be. All they do is interfere with education."

Dr. Gustavson said he was on the 11-member committee that helped form the policies of the American Council of Education.

"No Bowl games was one of those policies. I agree most heartily," he said.

Dr. Earl Fullbrook, University of Nebraska faculty representative for the Big Seven, said he believed that the "general sentiment in the conference" is in favor of keeping the prohibition on bowl games.

Of the present proposal, he said: "I don't know that I've got any opinions on it at the

# Saxton Scores 1st-Round Kayo Over Raul Perez

NEW YORK. (P)—Johnny Saxton, unbeaten Brooklyn welter contender, knocked out Raul Perez of Matanzas, Cuba, Friday in 2:17 of the first round at Madison Square Garden when Perez crumpled suddenly under a body sledge and was counted out by Referee Pete Scalzo.

It was Saxton's 34th straight win as a pro. He weighed 147½, Perez 143.

Dr. Vincent Nardiello of the New York State Athletic Commission examined the Cuban in the ring and said he apparently had been "sort of paralyzed" by a punch to the ribs. Perez left the ring, half dragging his right leg as he returned to the dressing room.

The small gathering of fans hardly had a chance to get settled for the main event when it was all over. The Cuban sagged unexpectedly from a right to the body and went down. He appeared to be in pain and was struggling to try to beat the count. When he failed to make it they brought the ring stool to a position near the ropes and propped him up.

Saxton, involved in a couple of unimpressive—to say the least—Garden fights with Livio Minelli and Lester Felton last winter, kept his perfect record intact. He has won all 34 since he left the

# —Orangeman Curtain-Raiser— Beatrice Cagers Thrash Wilber Wolverines, 64-27

**Lincoln Star Special**  
**BEATRICE**—The Beatrice Orangemen opened their 1952 basketball season with a 64-27 breeze over Wilber here Friday night, and 12 players saw action for Beatrice.

The Orangemen put up a tight defense all night, and froze the Wolverines. Beatrice held a whopping 33-9 halftime lead.

Center Bill O'Neill, Wes Gibson and George Morrison sparked Beatrice. O'Neill was high scorer for the winners with 11, while Morrison had eight and Gibson six.

Wilber's Ron Hoffman took high-point honors for the game with 13. He was the only Wolver-

## Cleveland Baseball Battle Progressing

**CLEVELAND (INS)**—Forces supporting Ellis Ryan and those backing Nate Dolin in the Cleveland Indians front-office dispute pressed their campaigns among the small stockholders Friday.

It is reported the anti-Ryan group holds a majority of the smaller stockholders, who probably will decide the fate of Ryan, but the club president claims that his supporters own more stock.

The results will be disclosed next Thursday at a stockholders' meeting called by the Dolin faction. At that time a new board of directors will be elected in an effort to break the deadlock between the two groups of stockholders. At the present time, each side has six directors.

# North Central To Take Action Against Violators

**CHICAGO. (P)**—"Vigorous action" against several unidentified violators of its stern athletic de-emphasis program Friday was promised soon by the North Central Association of Colleges and Secondary schools.

This powerful accrediting agency embracing 19 states last September announced a 13-point code to eradicate athletic evils and threatened to drop offenders from its list of approved schools.

Normal Burns, secretary of the group's commission on col-

# Bacone Indians Favored In Jr. Rose Bowl Tilt

**PASADENA, Calif. (INS)**—The Bacone Junior College Indians from Muskogee, Okla., were rated seven-point favorites Friday for their clash with Hartnell J.C. of Salinas, Calif., in today's seventh Junior Rose Bowl football game.

Bacone opened as a three-point choice but a flood of money from the oil country boosted the odds overnight.

A crowd of 40,000 is indicated for what promises to be a wide-open offensive affair.

Hartnell, California's only unbeaten, untied junior college eleven, has dented the scoreboard for 260 points while limiting its foes to 57 markers in 10 outings. Bacone, also with a perfect record, has amassed 383 points, while limiting its foes to 57 markers in 10 outings. Bacone, also with a perfect record, has amassed 383 points, while limiting its foes to 57 markers in 10 outings.

Bacone Coach Harold Stratton is expected to have his Indians concentrate on running plays, resorting only to passing if they get behind.

**Passing Mark**

Morocco Tense As Arabs Mourn Their Riot Dead

CASABLANCA, French Morocco (AP)—Arabs mourning their riot dead filed to and from the Moslem mosque here under the muzzles of French machine guns set up as a precaution against new disorders.

Foreign Legionnaires manned the machine guns. They surrounded the huge square in front of the mosque early on this Moslem sabbath—set aside in memory of the 200 or more Arabs killed in demonstrations here since Sunday—and aimed their weapons directly at its entrance.

Hundreds of Moroccans gathered for prayers. The French feared some might use the religious services as a means to mass for fresh defiance against French rule.

Arab mobs have beaten seven or eight Europeans to death. But the day passed quietly here and elsewhere in the North African protectorate.

Foreign Legionnaires and French commanded Moroccan riflemen patrolled Casablanca's Arab Quarter with fixed bayonets.

Arab merchants had proposed to close their shops, but didn't. French authorities ordered them to keep open, on penalty of having their shops forced open and left unguarded.

French police announced, Abdelatis Ben Kaddour Kijlali, had confessed killing Louis Ribers, one of the leading French residents of Casablanca, who died in Monday's rioting. Three other Moroccans implicated in Ribers' death are also under arrest, the police said.

The riots grew out of a general strike over the mysterious killing last week of Arab labor leader Farhat Hached in Tunisia, another restive French North African protectorate.

G. H. Wiebusch Requests State Bar Reinstatement

Application for reinstatement to practice law in Nebraska has been filed with the Supreme Court by George H. Wiebusch, 39, of Broken Bow and set for hearing on Jan. 5.

He explains that since his disbarment he has been working at manual labor on a ranch 50 miles from his home and family and has had time to meditate and has "repented" for acts that led to his disbarment.

His alleged "unethical practice" occurred while he was a county judge and consisted of carrying on a law practice some of which involved matters in his own court.

Farm Income Tax Filing Aid Given

Here are some of the items farmers need to watch when compiling their income tax returns to conform with the 1951 law.

Edmund E. Hespe, assistant chief of the Lincoln Office of the Bureau of Internal Revenue, and Robert J. Jones, bureau agent, outlined them at the annual income tax short course at the University of Nebraska College of Agriculture Friday.

Farmers must have held their dairy, draft or breeding animals 12 months in order to get the benefit of tax exemption on half of the profit. Formerly the holding period was only six months to get the benefit.

Victims of losses by fire, theft, tornado and collision are getting a big benefit under the change of law. Losses now can be figured into the income tax for the year the loss occurred, the preceding year and five years following the loss. Formerly, only the year in which the loss occurred would be used.

Before the change, growing crops and those in storage were figured separately in figuring income tax. Now they are lumped together.

Long term losses of capital now are figured on the basis of 100 per cent instead of 50 per cent.

Ex-Campaign Manager Of O'Dwyer Gets Order To Give Court Answer

NEW YORK (INS) — Jerry Finkelstein, one-time campaign manager for former New York Mayor William O'Dwyer, must answer by next Thursday a contempt charge involving an alleged \$10,000 gift to O'Dwyer.

An affidavit filed here charges that Finkelstein gave evasive answers about the gift, assertedly given O'Dwyer by the Uniformed Firemen's Association.

John P. Crane, former association president, previously told the grand jury that Finkelstein was with him when he handed the \$10,000 to O'Dwyer.

Weather Ahead

Extended forecast for Nebraska:

Temperatures will average from 5 to 10 degrees above normal in west, and slightly above normal over eastern section through Wednesday with warmer over the week-end and colder in east about Tuesday. Little or no precipitation indicated.
